

JOIN THE BABY LOCK SERGER REVOLUTION

REVOLUTIONIZE THE WAY YOU SERGE

FOR THE LOVE OF SEWING

IT STARTED WITH A REVOLUTIONARY IDEA...

In 1964, several engineers and middle managers at a Japanese industrial company believed that they could redesign the industrial serger they were currently manufacturing to be smaller and lighter.

Their company rejected the concept, but the team was so committed to their idea that they quit their jobs and formed their own company.

After three years of research, working prototypes and a battery of tests, they created a “baby” serger for home sewers that was capable of producing an overlock stitch. This was the birth of a revolutionary machine called Baby Lock. For the first time, home sewers could create garments and other projects with a finished, professional look.

Today, you’ll find a variety of stitches and easy threading options on every Baby Lock serger, as well as exclusive features that make Baby Lock sergers stand out from the rest. The patented ExtraordinAir™ Threading is by far the easiest way to thread a serger. And the patented Wave Stitch – a beautiful and unique stitch exclusive to Baby Lock – is available on two of our newest sergers, the Evolution and the Enlighten.

Baby Lock is proud to have brought the first serger to the home market. It’s this heritage that moves us to continue revolutionizing the way you serge by offering the easiest sergers to thread, with fourteen exclusive patents that control tensions, chain off the cover stitch and more. Keep reading to discover why Baby Lock sergers are the most revolutionary sergers in the industry.

14 PATENTS EXCLUSIVE TO BABY LOCK

ExtraordinAir™ & Jet-Air Threading™

Baby Lock’s patented ExtraordinAir and Jet-Air Threading technology takes away any threading struggles. With one touch of a button or lever, thread is whisked through the tubular upper, lower, and chain stitch loopers.

Automatic Thread Delivery System

Having no tensions, Baby Lock sergers will deliver a balanced stitch on any fabric with any type of thread, all of the time. Go from one fabric to another without interruption. With Baby Lock’s Exclusive Automatic Thread Delivery System (ATD), simply set the stitch you want and serge away.

Tubular Loopers

Baby Lock eliminates threading mistakes and protects thread, with no exposed thread and no thread guides to tangle with. Enjoy tubular loopers that can be threaded in any order, giving you more freedom to serge than ever before!

Looper Drive System

Protect your machine from needing repairs and serge worry free! This exclusive Looper Drive System is built to last, preventing loopers from becoming misaligned or out of timing, reducing the possibility of major looper damage.

Advanced Knife Driving & One-Way Clutch Systems

Cut thicker fabrics with incredible ease using the exclusive lower-mounted knife system with a larger cutting bite.

Fabric Support System

Baby Lock's Jet-Air sergers include a Fabric Support System to keep stitches flat and balanced, no matter what speed, fabric or stitch you choose. The built-in stitch fingers actually move with the knife blade, adjusting the seam simultaneously with the cutting width.

Vertical Needle Penetration

Avoid needle deflection and protect your fabric. While most machines use slanted needles that push and damage fabric, Baby Lock's needles are set vertically to powerfully sew by moving directly up and down.

Chain/Cover Tension Disks

Save time by adjusting the chain, cover and triple cover stitch needles with one tension dial. Baby Lock revolutionized the cover stitch with the Evolution, which functions include chain, cover, and triple cover stitches.

Full-Featured Differential Feed

Discover stronger feeding as well as more consistent gathering on all fabrics. Baby Lock took the differential feed mechanism to a new level by adding a single unit feed dog mechanism.

Adjustable Stitch Length & Automatic Rolled Hem Dial

Stitch length can effortlessly be adjusted on a Baby Lock serger using one dial without changing a foot or needle plate. This dial includes an Automatic Rolled Hem setting that will retract the built-in stitch finger for a rolled hem.

Needle Threading System

Baby Lock has put a lot of thought into threading a serger, but they haven't forgotten about the most important part - the needles. Lock the needle threader in place and easily thread the needles with the touch of a lever.

8/7/6 Thread Stitch Capacity

The Evolution is the only serger with 8 threads, providing more stitch combinations than ever before - 87 in all! Baby Lock was also the first in the world to combine overlocking and cover stitching in the same operation, creating two machines in one!

Thread Delivery Unit for the Exclusive Wave Stitch

The exclusive Wave Stitch is a gorgeous decorative addition to projects of every kind. For a stitch this unique, Baby Lock wanted to ensure that each wave would be even with the next and they created a thread delivery unit to give each one a flawless look.

Cover Stitch Chaining Off

Baby Lock has made cover stitching easy by automatically chaining off to eliminate unnecessary steps and frustration.

EVOLUTION

The World's Most Advanced Serger

This advanced 8-thread serger brings you the latest evolution in threading technology with ExtraordinAir™ threading. With just one push of a button, ExtraordinAir takes your thread through all three loopers at once, instantly, with a gust of air. Plus, you'll have the luxury of Baby Lock's exclusive patented features that allow you to thread in any order, eliminate tensions, and take your creativity further than you've ever dreamed a serger could take it.

ExtraordinAir™ Threading

With just a gust of air, ExtraordinAir takes thread through all the loopers instantly. Threading has never been this fast, easy or extraordinary.

Automatic Thread Delivery (ATD)

A balanced stitch is vital, especially for projects with multiple fabrics. ATD controls the tension of threads, even on the sheerest fabrics — no manual adjustment necessary.

2 to 8 Thread Serging

Open up a world of new options with each stitch, from the tiniest rolled hem to an 8-thread Wave Stitch. The Evolution can create 87 stitch combinations.

Chain Stitch Options

Whether you need a single, twin or triple cover hem, the Evolution makes chain stitching and cover hemming a breeze.

Full-Featured Differential Feed

Gather multiple layers of different types of fabric with complete and consistent gathering — no puckering.

Pure Lighting

Serging has never been so clear. The new Pure Lighting uses LED technology to illuminate serged stitches in a whole new light.

FOR THE LOVE OF SEWING

Technology Features

- Instant ExtraordinAir™ Threading
- Automatic Thread Delivery (ATD) System
- Full-Featured Differential Feed
- Pure Lighting with 3 LED Lights

Convenience Features

- Side thread cutter
- Electronic foot control
- Snap on, multi-purpose presser foot
- Built-in accessory storage
- Built-in ribbon/tape guide
- Easy full-color threading chart

Advanced Serging Features

- Exclusive Wave Stitch and Reverse Wave Stitch for additional stitch options
- Serging options from 2 to 8 threads
- Chain/cover stitch functions include single, twin and triple cover stitch
- Overlock stitch functions to seam and encase fabric edges
- Flatlock stitch functions for seaming or decorative effects
- Heavy duty cutting system handles thick fabrics with ease
- Automatic rolled hem stitch functions create a professional finish
- Dial adjustable stitch width: 1.5 – 7.5mm, up to 16mm wide on Expressive Stitches
- Dial adjustable stitch length: 0.75 – 4mm
- Dial adjustable built-in rolled hem
- Heavy-duty cutting system
- Side thread cutter
- 1,500 Stitches per minute
- Presser foot pressure adjustment

Other

- Household needle system:
 - HAx1SP, 130/705CF, ELx705CF
- Electronic drive system
- Weight: 16 pounds
- Warranty (25 yrs. limited, 10 yrs. parts, 5 yrs. electrical, 1 yr. labor)

Optional Accessories

- Beading Foot (BLE8-BF)
- Belt Loop Binder 3/4" (BLE8-S12)
- Belt Loop Binder 1-1/2" (BLE8-S11)
- Blindhem Foot (BLE8-BLHF)
- Clear Foot (BLE8-CLF)
- Cording Foot (BLE8-CF)
- Double Fold Bias Binder 28mm (BLE8-S3)
- Double Fold Bias Binder 36mm (BLE8-S2)
- Elastic Foot (BLE8-EF)
- Elastic Gatherer 7.5mm (BLE8-EG7)
- Elastic Gatherer 10mm (BLE8-EG10)
- Elastic Gatherer 13mm (BLE8-EG13)

ENLIGHTEN

Artistically Advanced Wave Serger

This revolutionary serger features the latest in threading technology, ExtraordinAir™ Threading. With just one push of a button, ExtraordinAir™ takes your thread through all loopers at once, instantly, with a gust of air. With so much time saved on serging – plus the beautiful and exclusive Wave Stitch – you'll have the time and the freedom to expand your creativity. Get enlightened today!

Exclusive Wave Stitch

The Wave Stitch is truly unique, and you can customize your projects even further with different stitch widths or thread color combinations.

ExtraordinAir™ Threading

With just a gust of air, ExtraordinAir takes thread through all loopers instantly. Threading has never been this fast, easy or extraordinary.

Automatic Thread Delivery System

ATD delivers an even, balanced stitch on any type of fabric, making it perfect for piecing even complicated fabrics like velvet.

Advanced Knife System

Piecing and other projects that require 1/4" seams can easily be achieved with this system, which cuts all weights of fabric smoothly and precisely.

4/3/2 Thread Serging

Add versatility to any project with a variety of thread options. Switch back and forth easily with the simple turn of a dial.

Pure Lighting

Serging has never been so clear. The new Pure Lighting uses LED technology to illuminate serged stitches in a whole new light.

FOR THE LOVE OF SEWING

Technology Features

- Instant ExtraordinAir™ Threading
- Automatic Thread Delivery (ATD) System
- Pure Lighting with 3 LED lights
- Full-Featured Differential Feed:
 - 2 to 1 Ratio – gathering
 - 3 to 4 Ratio – stretching
 - 4/3/2 Thread serging

Convenience Features

- Built-in needle threader
- Electronic foot control
- Snap on, multi-purpose presser foot
- Built-in accessory storage
- Built-in ribbon/tape guide

Advanced Serging Features

- Exclusive Wave Stitch for additional stitch options
- Overlock stitch functions to seam and encase fabric edges
- Flatlock stitch functions for seaming or decorating effects
- Heavy duty cutting system handles thick fabrics with ease

FOR THE LOVE OF SEWING

ECLIPSE DX

Easy-to-Thread Serger

You'll view serging in a whole new light after using the Eclipse DX. This easy-to-use serger includes adjustable manual tensions, allowing for perfect stitches on any type of fabric. Plus, the Eclipse DX includes Jet-Air Threading™, a patented feature that threads your machine with the simple touch of a lever.

Exclusive Jet-Air Threading™

Jet-Air Threading threads your serger with the touch of a button. There are no thread guides or struggling, giving you more time to serge away!

4/3/2 Thread Serging

No matter what type of stitch your project calls for, you can always find the right thread option.

Manual Tensions

The Twin Cam Tension System eliminates tangles and provides proper tension with accuracy – perfect for fabrics that tend to stretch during serging.

Differential Feed

Enjoy consistent feeding on different types of fabrics with a single unit feed dog and differential feed mechanism.

Technology Features

- Instant Jet-Air Threading™
- Micromatic Twin Cam Tension System
- Full-Featured Differential Feed:
 - 2 to 1 Ratio – gathering
 - 3 to 4 Ratio – stretching
 - 4/3/2 Thread serging
- Exclusive Fabric Support System
- Vertical Needle Penetration

Convenience Features

- Built-in needle threader
- Electronic foot control
- Snap on, multi-purpose presser foot
- Built-in accessory storage
- Built-in light
- Built-in ribbon/tape guide
- Carry handle

Advanced Serging Features

- Rolled hemming with 3 or 2 threads
- Flatlock stitching with 2 or 3 threads
- Dial adjustable stitch width: 1.5 - 7.5mm
- Dial adjustable stitch length: 0 - 4mm
- Dial adjustable built-in rolled hem
- Side thread cutter
- Heavy-duty cutting system
- 1,500 Stitches per minute
- Presser foot pressure adjustment

Other

- Household needle system:
 - HAx1SP, 130/705CF, ELx705CF
- Electronic drive system
- Weight: 16 pounds
- Warranty (25 yrs. limited, 10 yrs. parts, 5 yrs. electrical, 1 yr. labor)

Optional Accessories

- Beading Foot (BLE-BF)
- Blindhem Foot (BLE-BLHFS)
- Clear Foot (BLE1AT-CLF)
- Cording Foot 3mm (BLE-CF3)
- Cording Foot 5mm (BLE-CF5)
- Elastic Foot (BLE-EF)
- Flat Sole Foot (BLE-FSF)
- Lace Applicator (BLE-LF)
- Ruffling Foot (BLE-RF)

ECLIPSE SX

Feature-Filled Quality Serger

Discover all of the serging features you'll need in the easy-to-use Eclipse SX. This lightweight 4/3/2 thread serger gives every project a finished look with precise stitching, using differential feed for complete fabric control.

4/3/2 Thread Serging

No matter what type of stitch your project calls for, you can always find the right thread option.

Manual Tensions

The Twin Cam Tension System eliminates tangles and provides proper tension with accuracy – perfect for fabrics that tend to stretch during serging.

Differential Feed

Enjoy consistent feeding on different types of fabrics with a single unit feed dog and differential feed mechanism.

Technology Features

- Easy Glide Thread System™
- Full-Featured Differential Feed:
 - 2 to 1 Ratio – gathering
 - 3 to 4 Ratio – stretching
 - 4/3/2 Thread serging

Convenience Features

- Snap on, multi-purpose presser foot
- Built-in accessory storage
- Built-in light
- Built-in ribbon/tape guide
- Electronic foot control

Advanced Serging Features

- Rolled hemming with 3 threads
- Flatlock stitching with 2 or 3 threads
- Dial adjustable stitch width: 1.5 – 7.5mm
- Dial adjustable stitch length: 0 – 4mm
- Dial adjustable built-in rolled hem
- Side thread cutter
- Heavy-duty cutting system
- 1,500 Stitches per minute
- Presser foot pressure adjustment

Other

- Household needle system:
 - HAx1SP, 130/705CF, ELx705CF
- Electronic drive system

FOR THE LOVE OF SEWING

LAUREN

Beginner-Friendly Serger

Lauren – part of the exciting A-Line Series - makes sure every stitch stays in place with professional quality and incredible speed. This easy-to-thread serger can handle blind hems, decorative stitching, a narrow rolled edge and more.

4/3/2 Thread Serging

No matter what type of stitch your project calls for, you can always find the right thread option.

Technology Features

- Easy color coded threading
- Lay-in tension system
- Differential feed
 - Ratio of 0.7 - 2.0
- 4/3/2 Thread serging
 - 4-thread seaming
 - 3-thread narrow or wide
 - Narrow rolled hem
 - Flatlock
 - Blindhem

Convenience Features

- Free-arm serging
- Electronic foot control
- Snap on, multi-purpose presser foot
- Built-in light
- Carry handle

Advanced Serging Features

- Rolled hemming
- Flatlock stitching
- Dial adjustable stitch length: 1mm to 4mm
- Side thread cutter
- Presser foot pressure adjustment

Other

- Blindhem foot included
- Household needle system:
 - 705/130H
- Weight: 15 pounds
- Warranty (25 yrs. limited, 10 yrs. parts, 5 yrs. electrical, 1 yr. labor)

Optional Accessories

- Elastic Foot (BL450-EF)

COVER STITCH Machine

The Cover Stitch machine is perfect for both home sewers and tailor shops. Designed especially to complement a Baby Lock four-thread serger, the Cover Stitch machine creates professional finishes for all ready-to-wear and home decorating projects. Effortlessly create triple, wide and narrow cover stitches.

Cover Stitch Width 3mm or 6mm

Choose between different widths to create a narrow or wide cover stitch – great for hems, belt loops and more!

Technology Features

- Instant Jet-Air Threading™
- Color Coded Tension System
- Full-featured differential feed:
 - 2 to 1 Ratio – gathering
 - 3 to 4 Ratio – stretching
- Vertical Needle Penetration
- Auto drop feed when presser foot is raised
- Auto tension release

Convenience Features

- Electronic foot control
- Snap on, multi-purpose presser foot
- Built-in accessory storage
- Built-in light
- Carry handle

Advanced Serging Features

- Narrow, wide or triple needle cover stitch
- Chain stitch using left, center, or right needle position
- Cover stitch width 3mm or 6mm
- Dial adjustable stitch length: 1mm to 4mm
- Chain off for cover stitch
- Side thread cutter
- 1,300 Stitches per minute
- Presser foot pressure adjustment

Other

- Household needle system:
 - HAx1SP, 130/705CF, ELx705CF
- Electronic drive system
- Weight: 16 pounds
- Warranty (25 yrs. limited, 10 yrs. parts, 5 yrs. electrical, 1 yr. labor)

Optional Accessories

- Belt Loop Binder: 19mm (BLE8-S12), 38mm (BLE8-S11)
- Clear Foot (BLCS-CLF)
- Knit/Woven Double Fold Bias Binder: 8mm (BLCS-DFBB8), 10mm (BLCS-DFBB10), 15mm (BLCS-DFBB150)
- Double Fold Bias Binder: 28mm (BLE8-S3), 36mm (BLE8-S2)
- Elastic Gatherer Bracket (BLE8-GG)
- Elastic Guide for Gatherer Bracket: 7.5mm (BLE8-EG7), 10mm (BLE8-EG10), 13mm (BLE8-EG13)
- Fabric Guide (BLE8-FG)
- Pintuck Foot with 2 Guides (BLE8-PTF)
- Plain Hemmer: 7mm (BLE8-S7), 13mm (BLE8-S6)
- Single Downturn Feller: 7mm (BLE8-S10), 16mm (BLE8-S8), 25mm (BLE8-S9)

FOR THE LOVE OF SEWING

I'VE JOINED THE BABY LOCK SERGER REVOLUTION – HAVE YOU?

Baby Lock sergers can revolutionize the way you serge in more ways than you can imagine. Before I found Baby Lock, I used several different sergers for each episode of Sewing With Nancy. I needed a serger for each setting because it took too long to adjust settings in between takes. But I only needed one Baby Lock serger – changing the settings and thread was that quick and easy.

Since then, Baby Lock has never stopped amazing me with thoughtful, exclusive features. With just one touch of a button, ExtraordinAir Threading sends thread through all the loopers with a powerful gust of air – with just one try, you'll be ready to join the Baby Lock serger revolution too. And with the Automatic Thread Delivery System (ATD), I can thread my machine in any order and I never have to adjust the tensions.

I love the finished look that sergers bring to my projects, and now it's easier than ever to add decorative stitching, interesting textures, flawless seams and more. Baby Lock sergers have changed the way I serge forever - and with their easy-to-use features and professional results, it's sure to revolutionize the way that you serge, too. Whether you're looking for your first serger or you're upgrading your current machine, you'll find a Baby Lock serger with the functions and features that are perfect for you.

Happy Sewing,

Nancy Zieman

PBS Host of "Sewing With Nancy"
