Global Test Menu

ADVIA Centaur XP Immunoassay System

The high-performance ADVIA Centaur® XP system has more onboard reagents and dedicated STAT capabilities to maximize productivity, regardless of volume or types of tests. Always ready, continuous operation without interruption. Enables increased productivity by connecting to Siemens' Aptio™ Automation, ADVIA® Automation, StreamLAB® Automation or VersaCell® Solutions.

ADVIA Centaur CP Immunoassay System

The ADVIA Centaur® CP Immunoassay System is a mid-volume, high-throughput bench top system that enhances your in-house test capability. With its broad menu and short turnaround times (TAT), you can do more—without compromising efficiency, productivity, or quality. And it features the superior sensitivity and specificity you expect of chemiluminescent with Advanced Acridinium Ester Technology.

Answers for life.
