EXISTING 7-LAYER TECHNOLOGY

# SafetySplint™ Unpadded Roll

LATEX  
FREE  
FORMULA

SafetySplint™ is a unique, strong and durable unpadded splint which allows you to control the amount of cushion between the patient and the splint. The unique liner does not require gloves and allows for easy removal for dressing changes.

## SAFETYSPLINT™ UNPADDED ROLL

Dimensions	Catalog Number	Quantity
3" x 15'	67007969	1 roll / case
4" x 15'	67007970	1 roll / case
5" x 15'	67007971	1 roll / case
6" x 15'	67007968	1 roll / case

## FEATURES AND BENEFITS

- Thin profile - excellent feel-through for fracture alignment
- Unique liner allows for no gloves and easy removal for dressing changes
- Roll form - No waste
- Strong and durable
- Radiolucent
- Totally clean application
- Excellent for post-op immobilization

# OCL® Splint Roll - 2 Plaster Splinting System

LATEX  
FREE  
FORMULA

OCL® is the first name in Plaster Splint Roll. OCL Splint Roll is constructed with 15 or 11 layers of plaster encased in open cell foam and flannel. The open cell foam provides padding and prevents migration while the flannel reduces moisture retention.

- DuoSet™ plaster allows a quick set time with minimal heat
- Open cell foam and flannel
- Reinforced layer
- Available in 2", 3", 4", 5" and 6"
- 11 and 15 layers

# Gypsona® S

Plaster of Paris Bandages and Splints

Gypsona® S plaster products feature a creamy plaster that results in a smoother, stronger cast. The central plastic core prevents telescoping and improves the handling of the bandage. Available in bandages, splints and elastic plaster bandages.

#### FEATURES AND BENEFITS

- Fast immobilization of fractures
- High mass weight resulting in low plaster loss
- Strong and durable casts
- Central plastic core

# Gypsona® HP

Plaster of Paris Bandages and Splints

The traditional rich and creamy texture of Gypsona® HP allows intimate molding and creates a smooth, appealing finished cast. Unique interlocking leno weave greatly enhances stability, allowing more plaster to stay on the gauze. The result is a premium plaster of Paris.

#### FEATURES AND BENEFITS

- Leno gauze for extra stability
- Extra-fast setting
- Creamy texture

#### GYPSONA® HP PLASTER BANDAGES - Extra-fast setting / 2-4 minutes

# Delta-Lite® Conformable *The Durable Solution*

## Fiberglass Cast Tape

The patented fiberglass substrate of Delta-Lite® Conformable provides unsurpassed conformability, greatly reducing the need to tuck and fold during application. The finished cast is lightweight, strong, resists breakdown and is comfortable to wear.

### FEATURES AND BENEFITS

- Primary and secondary casting
- Rigid support
- Superior conformability
- Exceptional strength
- Excellent lamination
- Three-dimensional stretch
- Weight bearing in approximately 20 minutes
- 3 - 5 minute set time

Delta-Lite® Conformable

Competitor's product

# Delta-Lite® Plus *The Trusted Rigid Solution*

## Fiberglass Cast Tape

Delta-Lite® Plus is our new fiberglass cast tape that combines fiberglass substrate and an advanced water activated polyurethane resin system which provides low tack properties. The low tack properties allow easy application and molding using standard examination gloves.

FEATURES AND BENEFITS
• Low tack resin
• Primary and secondary casting
• Rigid support
• Good conformability
• High lamination
• Excellent end lay down
• Smooth surface
• 3 - 5 minutes set time
• Weight bearing in 20 minutes

# Delta-Cast® Conformable

The Multi-Function Solution Polyester Cast Tape

Delta-Cast® Conformable is an easy-to-use, fiberglass-free cast tape that produces versatile, lightweight and strong casts. Provides rigid and semi-rigid casting options for primary and secondary casting applications where patient fit, comfort and compliance are critical.

\* See page 21 for FCT Starter Kit.

#### FEATURES AND BENEFITS

- Primary and secondary casting
- Rigid and semi-rigid support
- Excellent conformability
- Weight bearing in 20 - 30 minutes
- 3 - 5 minute set time
- Fiberglass-free
- Clear radiograph viewing
- Strong and lightweight
- Soft edges
- Excellent lamination
- Smooth finish

Patterns subject to change. Contains 4 pairs of large casting gloves.

### FEATURES AND BENEFITS

- Long lasting, vibrant prints
- Radiolucent
- Smooth cast finish
- Superior lamination
- Weight bearing in 20 - 30 minutes
- Consistent 3 - 5 minute set-time
- Available in 6 popular patterns

# Delta-Cast® Soft *The Flexible Solution*

## Semi-Rigid Cast Tape

Delta-Cast® Soft is a semi-rigid fiberglass-free cast tape, ideal for customized support. Delta-Cast® Soft provides variable support for fractures and soft tissue injuries while allowing effective stabilization for the injured area. The use of a semi-rigid cast material allows for greater range of movement, earlier mobility and reduces some of the problems of rigid immobilization, such as muscle atrophy.

### DELTA-CAST® SOFT FIBERGLASS-FREE CAST TAPE

Dimensions	Color	Catalog Number	Quantity

3" x 4 yds	● Red	7345916	10 rolls/box
4" x 4 yds	● Red	7345917	10 rolls/box

Colors and availability subject to change.

### FEATURES AND BENEFITS

- Versatile application
- Good conformability
- Rapid removal with scissors or by unwrapping
- Excellent for circular and removable casts

# Delta-Dry® Water Resistant Cast Padding

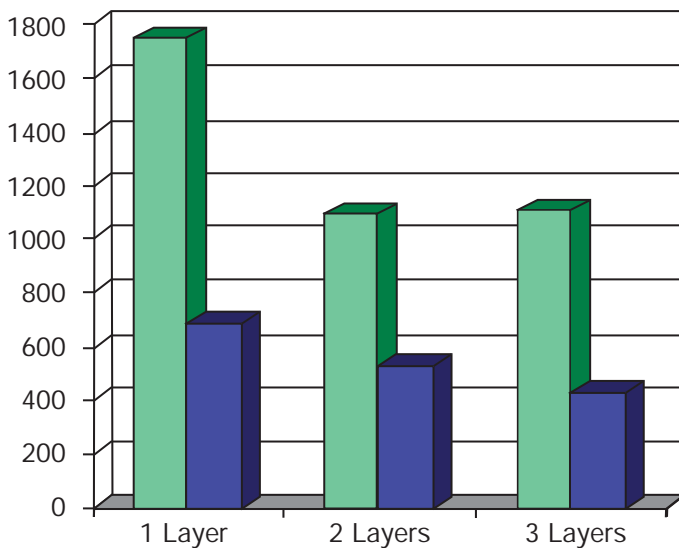

Delta-Dry® features an unique patented technology that out performs other water resistant cast padding. The open knit structure, along with the water resistant qualities of the fibers, allow water to quickly drain from the cast.

FEATURES AND BENEFITS	
•	Allows patients to shower, swim and bathe like normal
•	No special tools are needed for application or removal
•	Conformable, enabling patient to having increased comfort and protection
•	Easy to apply
•	Better long term water resistance
•	Offers more under cast protection
•	Eliminates the need for stockinette

DELTA-DRY® SYNTHETIC CAST PADDING		
Dimensions	Catalog No.	Quantity
2" x 2.6 yds	73443-00000-00	12 rolls / box
3" x 2.6 yds	73443-00001-00	12 rolls / box
4" x 2.6 yds	73443-00002-00	12 rolls / box

Legend:   
█ Delta-Dry®   
█ Brand X

**Moisture Vapor Transmission Rate**

- Independent laboratory testing compared the Moisture Vapor Transmission Rate (MVTR)
- Three layers of Delta-Dry® outperformed one layer of Brand X by 160% MVTR Delta-Dry® vs. Brand X

Laboratory testing results are intended to illustrate a product's performance under controlled conditions. Actual use results may vary.

# Delta-Rol<sup>®</sup> Synthetic Cast Padding

Delta-Rol<sup>®</sup> Synthetic Cast Padding is a non-absorbent synthetic material that does not hold moisture against the skin. Its conformable stretch allows narrow widths around small anatomies without cutting and tearing.

## DELTA-ROL<sup>®</sup> SYNTHETIC CAST PADDING

Dimensions	Catalog No.	Quantity
2" x 4yds	6882	24 rolls - bag / 3 bags - case
3" x 4yds	6883	12 rolls - bag / 3 bags - case
4" x 4yds	6884	12 rolls - bag / 3 bags - case
6" x 4yds	6886	6 rolls - bag / 3 bags - case

## FEATURES AND BENEFITS

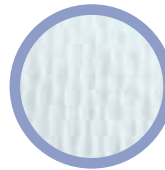

- Conformable stretch eliminates need for scissors
- Comfortable
- Non-absorbent synthetic fiber

# Specialist<sup>®</sup> Cotton Blend Cast Padding

Specialist<sup>®</sup> Cotton Blend Cast Padding has a unique micropleated design for excellent conformability, protection and ease of application without tucking or tearing.

Unique micro-pleats

## SPECIALIST<sup>®</sup> COTTON BLEND CAST PADDING

Dimensions	Catalog No.	Quantity
2" x 4yds	9062	24 rolls - bag / 6 bags - case
3" x 4yds	9043	12 rolls - bag / 6 bags - case
4" x 4yds	9044	12 rolls - bag / 6 bags - case
6" x 4yds	9046	6 rolls - bag / 6 bags - case

## FEATURES AND BENEFITS

- Micropleated construction provides excellent conformability
- Highly absorbent
- Cotton rayon blend
- Easy application

# Specialist<sup>®</sup> 100 Cotton Cast Padding

Specialist<sup>®</sup> 100 has the product features cotton users desire. The soft, 100% cotton material feathers and self-bonds to create a smooth undercast surface. Specialist<sup>®</sup> 100 is hand-tearable and applies easily. Excellent cohesion allows for custom padding around bony prominences.

## SPECIALIST<sup>®</sup> COTTON CAST PADDING

Dimensions	Catalog No.	Quantity
2" x 4yds	9082	24 rolls - bag / 6 bags - case
3" x 4yds	9083	12 rolls - bag / 6 bags - case

3" x 19" - Long arm	53102	10 / case

## Delta Terry-Net™ Adhesive Fleece Edger

Delta Terry-Net™ Adhesive Fleece Edger features a high quality adhesive for secure placement. Its unique stretch allows the user to pad easily around corners and contours, ensuring smooth cast edges.

### DELTA TERRY-NET™ ADHESIVE FLEECE EDGER

Dimensions	Catalog Number	Color	Quantity
1 1/4" x 15 yds	56012	White	1 roll / case
1 1/4" x 15 yds	58012	Blue	1 roll / case

### FEATURES AND BENEFITS

- Highly conformable
- Unique stretch
- Secure adhesive
- Works great with thermoplastics

## Delta Terry-Net™ Adhesive Terry Cloth/Foam Padding

Delta Terry-Net™ Adhesive Cloth/Foam Padding provides added protection and cushioning by combining a layer of soft terry cloth bonded to 1/8" foam. The adhesive backing makes attaching the padding simple and easy.

### DELTA TERRY-NET™ ADHESIVE TERRY CLOTH/FOAM PADDING

Dimensions	Catalog Number	Quantity
23" x 39"	55012	1 roll / case

### FEATURES AND BENEFITS

- Open cell foam
- Adhesive back
- Comfortable terry cloth cushion

# Delta Terry-Net™ Adhesive Felt Padding

Delta Terry-Net™ Adhesive Felt Padding is an adhesive orthopedic felt, used for added patient comfort. Its adhesive backing makes attaching the padding simple and easy. It may also be used as a cast edge padding or to provide protection for bony prominences.

## DELTA TERRY-NET™ ADHESIVE FELT PADDING

Dimensions	Catalog Number	Quantity
23" x 39"	54012	1 roll / case

## FEATURES AND BENEFITS

- Soft orthopedic felt
- Adhesive back

# Delta Terry-Net™ Adhesive Hook & Stretch Loop Closures

This easy-to-use product simplifies the FCT technique. It provides closure without creating the discomfort caused by traditional loops' rough edges. Its high quality adhesive ensures secure placement and the simple dispensing box provides convenient storage.

## DELTA TERRY-NET™ ADHESIVE HOOK

Dimensions	Catalog Number	Quantity
1" x 10 yds	52100	1 roll / box
2" x 10 yds	52200	1 roll / box

## DELTA TERRY-NET™ STRETCH LOOP

Dimensions	Catalog Number	Quantity
1" x 15 yds	52101	1 roll / box
2" x 15 yds	52201	1 roll / box

## FEATURES AND BENEFITS

- Soft stretch loop
- High quality adhesive
- Dispensing box

# FCT Starter Kit

Featuring Delta-Cast® Conformable

The FCT Starter Kit enables innovative, functional treatment options by providing ample storage for all your FCT accessories and materials. Customized casts and splints optimize stability using revolutionary techniques to enhance patient comfort, maximize muscle function and reduce rehabilitation time.

# American Orthopaedic™ Cast Cutter Cast Saws

The American Orthopaedic™ Cast Cutter provides precisely what is needed when needed:

power, speed, quiet operation, durability, ease of operation and a balance of weight and power.

Includes one 2.5" diameter multi-purpose blade and wrench.

## AMERICAN ORTHOPAEDIC™ CAST CUTTER SPECIFICATIONS

### Cat. No. 0295-200

Drive	Hex
Voltage	115 VAC, 1.5 amps hex drive
Supply Frequency	50-60 Hz
Cord Length	10' with hospital grade plug
Certification	UL Certification

### Cat. No. 0295-202

Drive	Pin
Voltage	115 VAC, 1.5 amps pin drive
Supply Frequency	50-60 Hz
Cord Length	10' with hospital grade plug
Certification	UL Certification

## FEATURES AND BENEFITS

- Balance of weight and power helps reduce user fatigue.
- Internally lubricated for longer service.
- Designed for rugged use.
- Switch is designed and placed so that it will not break if dropped.
- Hex drive provides six (6) blade rotations extending blade life by 50%
- 10 foot power cord.
- Hospital grade plug.

# American Orthopaedic™ Cast Dust Vacuum

The American Orthopaedic™ Cast Dust Vacuum provides an elegant solution to the problem of airborne dust created during cast removal. It's based on in-depth input from orthopedic technologists tired of the problems associated with modified commercial vacuums attached to cast cutters.

## AMERICAN ORTHOPAEDIC™ CAST DUST VACUUM SPECIFICATIONS

### Cat. No. 0295-400\*

Voltage	115 VAC, 8.5 amps
Supply Frequency	50-60 Hz
Certifications	ETL Certification
Hose Length	10' x 1.25" I.D.
Length	23"
Width	15"
Height	23.5"
Weight	25 lbs.

The American Orthopaedic Cast Dust Vacuum is supplied with a pre-installed disposable filter cartridge, 10' x 1.25" I.D. hose, 6 hose/cord straps, vacuum nozzle adapter, owner's manual and registration card.

\* NOTE: This vacuum may also be adapted to the following cast cutters: Stryker #840, Stryker #940 and Zimmer #8909-01. Accessories required.

## AMERICAN ORTHOPAEDIC™ PORTABLE VACUUM ACCESSORIES

# TurboCare™ Cast Removal System

The TurboCare® Cast Removal System delivers the exact level of power you need when and where you need it.

### CAST SAW AND POWER MODULE FEATURES AND BENEFITS

- Innovative motor and saw design delivers high power in a small, light-weight package.
- Automated multi-speed control with "turbo mode" for increased power.
- The ergonomic design is comfortable for the operator.

### CAST DUST VACUUM FEATURES AND BENEFITS

- Unique lift-out disposable filter cartridge makes waste disposal quicker, easier, safer and cleaner than messy bags.
- Remote on/off switch allows the saw and vacuum to be turned on simultaneously.

### TURBOCARE™ CAST DUST VACUUM ACCESSORIES

Description	Cat. No.	Qty
Vacuum nozzle adapter connects the 0295-300 or 0295-400 vacuums to Stryker cutter	4183-123	ea
Right angle vacuum nozzle assembly connects 0295-200 cutters to 0295-300, 0295-400, 0295-250 vacs	4183-124	ea
Vacuum nozzle adapter connects Stryker 940 cutter to 0295-300 or 0295-400 vacuums	0295-405	ea

### TURBOCARE™ CAST SAW with POWER MODULE SPECIFICATIONS

	Cat. No. TCCSS1
Description	TurobCare® Cast Saw with Power Module
Power Module	115 VAC, 50-60 Hz, 3.0 amps w/o vacuum, 10A when vacuum attached
Cord/Hose Length	10' cord and hospital grade plug Power Module Cast Saw
Length, Width, Height	7" x 6.5" x 8", 8" x 2.5" x 7"
Weight	14 lbs., 2.5 lbs.
Includes	The TurboCare® Cast Saw is also supplied with one (1) 2.5" diameter multipurpose blade, wrench, owner's manual and registration card.

### TURBOCARE™ CAST VACUUM with POWER MODULE SPECIFICATIONS

	Cat. No. TCCVS1
Description	TurobCare® Vacuum
Power Module	115 VAC, 50-60 Hz, 8.5 amps
Cord/Hose Length	8.5' x 1" I.D. hose

Weight	14 lbs., 25 lbs.
Includes	The TurboCare® Cast Dust Vacuum is supplied with a pre-installed Filter Cartridge, 6 hose straps vacuum nozzle adapter, owner's manual and registration card.

# Cast Saw Blades

**1. Plaster Blades** are designed with a “Universal Hub” which allows them to fit most popular cast cutters. The blades are manufactured from stainless steel and hardened to increase blade life. Available in 2” and 2.5” diameters. See product numbers 4183-110 and 4183-112.

**2. Sectioned Blades** are ideal for removing small segments or “cutting windows”. The blade is manufactured from stainless steel and hardened to increase blade life. Available only with pin drive hub. See product number 4183-145. BSN also offers a sectioned blade with an attached arbor for use with 0295-270 and 0295-271 autopsy saws. See product number 0295-275.

**3. Teflon® Coated Blades** Designed for use with synthetic casting materials, the Teflon® blades are manufactured from stainless steel, undergo specialized hardening processes for prolonged life, and are coated with Teflon to reduce friction. See product numbers 4183-114 and 31-0265.

**4. Multi-Purpose Coated Blades** All multi-purpose coated blades feature the “Universal Hub” to allow them to fit most popular cast cutters. They are capable of cutting plaster, synthetic casting materials and other demanding applications. These blades utilize Dicronite®, a unique friction reducing compound, to improve the cutting process and extend the life of the blade. Available in 2” and 2.5” diameters. See product numbers 0295-225 and 0295-226.

**5. Titanium Nitride “Gold” Blades** BSN's longest lasting cast cutter blade. The titanium nitride coating resists wear making this blade ideal for continuous cutting of casts, plastics and composites. Available in 2.5” diameter only. See product number 31-0168.

**6. Stainless Steel “Plus” Blade** Special sharpening process provides a sharp, long lasting cutting edge with hardened steel durability. The universal hub will fit hex and pin drive cast cutters. Available in 2” and 2.5” diameters. See product number 0295-219 and 0295-220.

Teflon® is a registered trademark of E.I. du Pont de Nemours and Company  
Dicronite® is a registered trademark of Lubrication Sciences, Inc.

# Zip Stick Cast Removal Aid

This convenient cast aid provides additional patient protection during cast removal. The stick slides under the cast and provides a smooth path for scissors or cast saw.

Standard and metric rule adds functionality.

## ZIP STICK CAST REMOVAL AID

Color	Catalog Number	Quantity
White	72046-00029-00	1 / each

# Clean Cut™ Scissors

These high quality scissors easily cut through rigid casting material and soft stockinette without slipping or bunching. They are manufactured with a high quality stainless steel that is easy to clean and resists corrosion and rust.

## CLEAN CUT™ SCISSORS

Description	Catalog Number	Quantity
Clean Cut™ Scissor, Large 8"	28230	1
Clean Cut™ Scissor, Small 6"	28235	1

## FEATURES AND BENEFITS - CLEAN CUT™ SCISSORS 6"

- High quality stainless steel
- Angular small blades

## FEATURES AND BENEFITS - CLEAN CUT™ SCISSORS 8"

- Dual tungsten carbide cutting edges
- Serrated cutting edge
- Double finger ring lower handle
- Protective tip

## Co-Plus® LF Cohesive Bandage

Co-Plus® LF is a latex-free, cohesive bandage suitable for light support or compression. Co-Plus® LF is flexible, lightweight and hand-tearable. Because of its unique construction, Co-Plus® LF adheres to itself and not to skin, aiding in patient comfort. No clips or fasteners required. Available in assorted colors and sizes. (Composition: nylon and elastomeric yarns)

### CO-PLUS® LF LATEX FREE COHESIVE BANDAGE

**Caution:** This product contains latex rubber which may cause an allergic reaction

# Versagrip® Tubular Support Bandage

Versagrip® is a latex-free, tubular support bandage used for the effective management of minor sprains and strains. Easy to apply, Versagrip®'s unique patented elastomer provides controlled support over a wide range of limb diameters. Three sizes cover all your tubular bandage needs.

#### VERSAGRIP® LATEX-FREE TUBULAR SUPPORT BANDAGE

Limb circ.	Size	= to sizes	Color	Cat No	Qty
5" to 12.5"	1	A, B, C	Beige	67000354	1 roll
11.75" to 19.5"	2	C, D, E	Beige	67000355	1 roll
19" to 27.5"	3	F, G	Beige	67000356	1 roll

#### FEATURES AND BENEFITS

- Unique patented elastomer - 3 sizes of Versagrip® cover the same range of limb diameters as 6 sizes of traditional tubular support
- Latex-free formula minimizes the risk of skin reaction
- Provides controlled pressure
- Can be used to help reduce burn scars and edema, after cast removal and dressing retention

# Tensoshape® Elastic Tubular Bandage

Tensoshape® is an elastic, tubular bandage, suitable for light or medium support. Its anatomical design provides graduated compression, promoting improved blood flow and lymphatic return. Both full leg and below-the-knee bandages available in a variety of sizes.

## TENSOSHAPE® TUBULAR SUPPORT BANDAGE - BELOW THE KNEE

Limb measurement	Size	Cat. Number	Quantity
12.5" to 14"	Small (B/C)	7589	10 / case
13.7" to 15.2"	Medium (C/D)	7590	10 / case
14.8" to 16.4"	Large (D/E)	7591	10 / case

## TENSOSHAPE® TUBULAR SUPPORT BANDAGE - FULL LEG

Limb measurement	Size	Cat. Number	Quantity
12.5" to 14"	Small (B/C)	7592	10 / case
13.7" to 15.2"	Medium (C/D)	7593	10 / case
14.8" to 16.4"	Large (D/E)	7594	10 / case
16" to 17.6"	X Large (D/E)	7595	10 / case

## FEATURES AND BENEFITS

- Easy to apply
- Anatomical design exerts even pressure and compression
- General light support for treatment of minor soft tissue and injuries

**Caution:** This product contains latex rubber which may cause an allergic reaction

# Leukotape® P Rigid Strapping Tape

Leukotape® P is a high strength, rigid strapping tape, with a very strong, zinc oxide adhesive. It is porous and hand-tearable, yet offers extra strong support for sprains and strains. Ideal for patellofemoral taping. Use in conjunction with Cover Roll Stretch.

## LEUKOTAPE® P RIGID STRAPPING TAPE

Dimensions	Cat. Number	Box Contents	Case contents
1.5" x 15 yds	76168	1 roll	30 rolls / case

## FEATURES AND BENEFITS

- Porous
- Hand-tearable
- High strength adhesive
- Ideal for patellofemoral taping

**Caution:** This product contains latex rubber which may cause an allergic reaction

# Lightplast® Pro Elastic Adhesive Bandage

Lightplast® Pro is a tearable, elastic adhesive bandage, suitable for light support or compression. The unique fabric backing helps to conform to body movement. Ideal for all-purpose taping.

## LIGHTPLAST® PRO ELASTIC ADHESIVE BANDAGE

Dimensions	Color	Catalog Number	Quantity

3" x 5 yds	● Beige	72056-00062-00	4 rolls / box
4" x 5 yds	● Beige	72056-00063-00	6 rolls / box

## FEATURES AND BENEFITS

- Patented weft-inserted construction
- High quality extensible cloth
- Porous adhesive
- Fluffy non-fray edges

**Caution:** This product contains latex rubber which may cause an allergic reaction

# Tensoplast® Elastic Adhesive Bandage

Tensoplast®, formerly Elastoplast®, is an elastic adhesive bandage which is suitable for medium support or compression. Superior stretch and regain provides firm, controlled compression and support. The porous adhesive helps prevent skin maceration. Fluffy non-fray edges prevent the bandage from rucking or marking.

## TENSOPLAST® ELASTIC ADHESIVE BANDAGE - INDIVIDUALLY BOXED

## FEATURES AND BENEFITS

- Excellent drape for upper extremities
- Easily cut and molded to body contours
- Edges are self-finishing

# Coverlet® Fabric Adhesive Bandages

Coverlet® Fabric Adhesive Bandages are made to absorb liquid fast - faster than any of the competitors tested. Featuring an extra-large wound pad capable of absorbing 10 times its own weight in water. The 360° adhesive surrounding the island pad helps seal the afflicted area, keeping the wounds clean and providing an environment conducive to healing.

4" x 4.1 yds	02102000	12 rolls	8 bags
6" x 4.1 yds	02103000	8 rolls	8 bags

## FEATURES AND BENEFITS

- High density fabric for a soft, rich texture to ensure patient comfort
- Superior performance and stretchability
- Precision fit for areas with constant movement (elbows and knees)
- Helps prevent slippage once bandage is in place
- Available in sterile and non-sterile
- Non-sterile bandage is suitable for securing primary dressing and sterile bandage may be placed directly on wound

# Cover-Roll® stretch Non-woven Adhesive Bandage

Cover-Roll® stretch is a wide-area fixation dressing, widely used in place of surgical tapes to secure and retain primary dressings on surgical or wound sites. This latex-free bandage provides light compression without causing constriction for joints and highly contoured parts of the body. Convenient and easily cut to size, eliminating unnecessary waste.

## FEATURES AND BENEFITS

- Soft, stretchable non-woven polyester adapts well to the body
- Provides light compression without causing constriction
- Polyacrylate adhesive holds dressing safely, even in the presence of moisture
- 100% latex-free
- Easily cut to eliminate waste

## INDICATIONS

- Retains primary dressing on small to large surgical or wound sites
- Ideal use for areas of body requiring flexibility such as elbows and knees
- Ideal base coverage for areas applying the patella/femoral taping technique

## COVER-ROLL® NON-WOVEN ADHESIVE BANDAGE

Dimensions	Catalog No	Quantity	Case Quantity
2" x 10 yds	2034	1 roll	12 boxes

12" x 10 yds	45556	1 roll	12 boxes

# Cuticell® Ointment Dressing

Cuticell® is a sterile ointment dressing designed to protect and minimize pain at dressing change. The primary wound contact layer is made of smooth acetate fabric, impregnated with a non-medicated ointment. The result is an ointment dressing that ensures the wound is not disturbed and maintains a moist environment that supports wound healing.

CUTICELL® OINTMENT DRESSING		
Dimensions	Catalog Number	Quantity
3" x 3"	7253900	10 / box
3" x 3"	7253901	50 / box
3" x 8"	7253902	10 / box
3" x 8"	7253903	50 / box

FEATURES AND BENEFITS	
•	The defined, small mesh size prevents tissue growth and does not disturb wound healing
•	The smooth acetate fabric with knit structures minimizes pain at dressing change
•	The dressing is permeable to air and allows exudate to drain freely into an absorbent secondary dressing
•	Ointment impregnation helps maintain a moist healing environment

INDICATIONS	
•	First and second degree burns
•	Cuts and abrasions
•	Lacerations
•	Radiation injuries
•	Donor and recipient skin graft sites

# Leukomed® Absorbent Wound Dressing

Leukomed® Adhesive Island Dressing is composed of an acrylic adhesive and non-woven substrate with a highly absorbent wound pad for secreting wounds. The dressing provides a latex-free adhesive which enables easy removal, while the non-adherent pad helps prevent adhesion to the wound.

LEUKOMED® ADHESIVE DRESSING			
Dimensions	Catalog No	Quantity	Case Quantity
2.8" x 2"	7238014	50 / box	10 boxes
3.1" x 4"	7238001	50 / box	8 boxes
3.1" x 6"	7238002	50 / box	8 boxes
4" x 7.8"	7238003	50 / box	8 boxes
4" x 9.8"	7238004	50 / box	8 boxes
4" x 11.8"	7238005	50 / box	8 boxes
4" x 13.8"	7238006	50 / box	8 boxes

FEATURES AND BENEFITS	
•	Good absorption capacity
•	Non-adherent layer helps prevent wound pad from sticking to wound
•	Latex-free acrylic adhesive provides safe and secure fit
•	Skin friendly for easy removal
•	Rounded edges
•	Highly conformable with two-way stretch
•	Permeable to air
•	Radio transparent

INDICATION	
•	Post surgical incisions
•	Moderate drainage wounds
•	Pressure ulcers
•	Partial and full thickness wounds
•	As a secondary dressing over gels, ointments

# Leukomed® T Transparent Wound Dressing

Leukomed® T is a sterile, breathable, waterproof, transparent film dressing designed to cover catheter or wound sites while providing a barrier to external contaminants such as bacteria, blood and body fluids.

## LEUKOMED® T TRANSPARENT FILM DRESSING

Dimensions	Catalog No	Quantity	Case Quantity
2.8" x 2"	7238106	50 / box	10 boxes
3.1" x 4"	7238101	50 / box	10 boxes
4.3" x 5.5"	7238102	50 / box	10 boxes

## FEATURES AND BENEFITS

- Permeable to water vapor and oxygen
- Sterilized film provides easy wound inspection without removing the dressing
- Waterproof and bacteria proof
- Rounded edges prevents dressing from curling off
- Patented easy-to-use delivery system

## INDICATION

- For use over catheter sites and devices

# Leukomed® T plus

## Absorbent Film Wound Dressing

Leukomed® T plus is a sterile, breathable, waterproof, transparent film dressing with a highly absorbent wound pad for exuding wounds.

## LEUKOMED® T PLUS ABSORBENT FILM WOUND DRESSING

Dimensions	Catalog No	Quantity	Case Quantity
2.8" x 2"	7238212	50 / box	10 boxes
3.1" x 4"	7238201	50 / box	8 boxes
3.1" x 6"	7238202	50 / box	8 boxes
4" x 9.8"	7238203	50 / box	6 boxes
4" x 11.8"	7238204	50 / box	5 boxes
4" x 13.8"	7238205	50 / box	4 boxes

## FEATURES AND BENEFITS

- Convenient, all-in-one sterile dressing
- Water and bacteria proof allowing patients to shower
- Good absorption capacity
- Coated pad prevents adhesion to wound
- Provides moist wound environment to enhance healing
- Easy to apply
- Conformable

## INDICATIONS

- Post-surgical dressings to protect closed wounds
- Moderate drainage wounds
- Acute wounds i.e. cuts, burns and abrasions
- Chronic wounds

# Anti-Em/GP™ Seamless Elastic Stockings with Gradient Compression

In cooperation with leading vascular specialists, JOBST engineers developed the JOBST® Gradient Compression Seamless Anti-Embolic Elastic Stocking specifically designed to combat thromboembolism.

The JOBST Anti-Em/GP Stocking applies a gradient compression, greatest at the ankle, and gradually decreasing up the length of the leg without tourniqueting or impeding the venous return. The use of JOBST Anti-Em/GP Seamless Stockings is an accepted prophylaxis for minimizing the risk of thromboembolism in hospitalized patients requiring bed rest or prolonged periods of immobilization.

#### FEATURES AND BENEFITS

- JOBST Anti-Em/GP stockings are latex free
- A convenient inspection window is located on top of the foot so the patients skin will never touch the floor
- Toe color coordinates with sizing chart
- Seamless elastic stockings with gradient compression

# Gelocast<sup>®</sup> Original Unna's Boot

Gelocast<sup>®</sup> the original Unna's boot is impregnated with zinc oxide and calamine to soothe irritated skin. The non-raveling gauze is uniformly coated so that it is easy to handle and mold to the limb providing a semi-rigid cast that is ideal for immobilization of strains and sprains.

## GELOCAST<sup>®</sup> ORIGINAL UNNA'S BOOT

Dimensions	Catalog No	Quantity	Case Quantity
3" x 10 yds	01052	1 per box	12 boxes
4" x 10 yds	01053	1 per box	12 boxes

## INDICATION

- Venous stasis ulcers
- Phlebitis
- Strains and sprains
- Dislocations
- As an after-cast

## FEATURES AND BENEFITS

- Dries quickly providing a semi-rigid cast
- Soothing calamine reduces skin irritation
- 100% cotton base does not unravel reducing wastage
- Provides high working pressure and lower resting pressure
- Uniformly impregnated, Gelocast is easy to apply and remove
- Each bandage is sealed in a ethylene vinyl acetate (EVA) bag to prolong shelf life
- Available in two sizes: 3" and 4"

**NOTE:** Please refer to the product label and/or package insert for full instructions on the safe use of these products.

# Miami J<sup>®</sup> Cervical Collar

The Miami J<sup>®</sup> Cervical Collar is especially designed to meet the needs of ambulatory patients over and extended time. Technologically advanced Sorbatex padding adds long term comfort by quickly absorbing moisture away from the skin.

#### FEATURES AND BENEFITS

- Polyurethane shell provides rigid support and immobilization
- Two piece design allows symmetrical application
- Angulation of chin and occipital portion of collar is adjustable
- Sorbatex padding provides comfort through moisture control

16-101705	X-Large	42" - 48"	Large Adult

Measure around chest at the base of the sternum

# Shoulder Abduction Support

Constructed of sculpted foam to fit body contour. Designed to provide 45 to 70 degrees of abduction based on positioning. Cushion can be placed in the anterior, posterior or central position. Foam and elastic support is universally designed to fit a range of sizes. Cuffs are adjustable with hook and loop closures. Wide shoulder strap helps prevent migration.

## SHOULDER ABDUCTION SUPPORT

Catalog Number	Size
16-801009	Universal

# Actimove<sup>®</sup> Shoulder Abduction Sling

The Actimove<sup>®</sup> Shoulder Abduction Sling provides immobilization for rotator cuff repairs, capsular shifts, Bankhart repairs, Glenohumeral dislocation/subluxation and soft tissue strains/repairs.

### ACTIMOVE<sup>®</sup> SHOULDER ABDUCTION SLING

Size	Width 	Length 	Catalog Number
Small / Medium	up to 61"	< 15"	7285925
Large / X Large	up to 61"	> 15"	7285926

### FEATURES AND BENEFITS

- Allows arm to be positioned to individual requirement
- Positions the shoulder and arm in a neutral position
- Prevents post-operative internal rotation contractures
- Breathable fabric
- Quick release buckle on waist strap for fast and easy application
- Easy open sling pouch for access to arm
- Soft thumb loop prevents wrist drop
- Fits left or right arm

# Soft Form<sup>®</sup> Posture Control Brace

The Soft Form<sup>®</sup> Posture Control Brace is designed to correct poor posture by gently holding the shoulders back in proper position. Elastic side panels provide support compression to stabilize the abdominal and lumbar regions for improved posture and alignment. The soft, laminate body material is comfortable against the skin and ventilated elastic side panels are breathable to keep the skin cool. May be worn underneath clothing, while sitting, or during activity to correct and control poor positioning or posture. Ideal for limiting forward and downward movement of the shoulders (slouching). Helps improve poor posture and relieves pain caused by arthritis. Minimizes a “stooped” posture often associated with osteoporosis. Encourages proper posture while seated for prolonged periods.

Color: Beige.

### FEATURES AND BENEFITS

- Encourages proper posture
- Gently keeps shoulders back for posture control
- Soft, unique laminate body material
- Support compression to stabilize the abdominal and lumbar regions
- Two stays for additional support
- Cool, comfortable ventilated elastic side panels
- Criss-cross, plush elastic shoulder straps for increased adjustability
- May be worn under clothing, while sitting or during activity

### SOFT FORM<sup>®</sup> POSTURE CONTROL BRACE

Catalog Number	Size	Fits
16-900400	Small	26" - 32"
16-900500	Medium	30" - 36"

16-420707	X-Large	42" - 48"	Large Adult

Measure around chest at the base of the sternum

# Safe-T-Sport® Neoprene Shoulder Support

Stabilizes and protects the shoulder to prevent reinjury, while still allowing for flexibility. The sports neoprene material gives comfortable compression and four-way stretch for a proper fit and comfort. Neoprene retains the body's natural heat for therapeutic and soothing warmth to the shoulder joints and surrounding muscles. Adjustable chest and arm closures allow for a custom fit. Built-in pocket holds a reusable hot/cold gel pack (sold separately) in place over the tender joint. Easy to wear under clothing. For correct sizing, measure around the chest. Color: Black.

## SAFE-T-SPORT® NEOPRENE SHOULDER SUPPORT

Catalog Number	Size	Fits
16-500400	Small	up to 40"
16-500500	Medium	41" - 50"
16-500600	Large	51" - 60"

Measure chest circumference.

## FEATURES AND BENEFITS

- Protects and supports the shoulder while allowing for flexibility
- Sports neoprene with a soft lining surrounds the shoulder for therapeutic warmth and comfortable compression
- Built-in pocket holds a reusable hot/cold gel pack in place over the tender joint (gel packs sold separately)
- Use an optional thermal gel pack to provide hot or cold therapy
- Adjustable chest and arm closures
- Inconspicuous wear - easy to wear under clothing

# Actimove® Comfort Shoulder Immobilizer

The Actimove® Comfort Shoulder Immobilizer provides comfortable and safe shoulder support with optimum wrist mobility. It is used following surgery, fracture and for surrounding soft tissue injury. Adjustable straps plus an integrated pad provide additional patient comfort.

# ProLite® 6" Low Profile Wrist Splint

Provides stabilization and compression to weak or injured wrists. Ideal for sprains, strains, Carpal Tunnel Syndrome and after cast removal.

Removable palmar stay and two medial/lateral stays provide maximum support and stabilization, holding the wrist in a neutral position.

Material provides comfortable, continuous compression. Low contour at the palmar crease allows for full finger dexterity and improved grip strength.

Breathable spandex insert ensures a proper fit and easy application. Low profile and shorter 6" length for less bulk. Color: Black (helps hide soil).

PROLITE® 6" LOW PROFILE WRIST SPLINT

Measure around the center of the wrist. Specify right or left.

## Soft Fit Suede Finish Cock-Up Wrist Brace

Made of comfortable, perforated suede finish material with a soft, padded liner that absorbs moisture. Metal palmar stay holds the wrist in the neutral, “cock-up” position and prevents flexion. Two metal dorsal stays on the back of the brace help prevent extension. Recommended to support weak or injured wrists, treat wrist strains (slight to moderate wrist sprains), Carpal Tunnel Syndrome or after cast removal. Easy, one-hand lace pull closure system. Colors: Beige or Black.

# ProLite® Compression-Formed Composite Wrist Splint with Abducted Thumb

Recommended when immobilization of the wrist and/or thumb is needed.

Semi-rigid Thumb Spica portion is contoured to provide intimate support, immobilization and thumb abduction. The unique design of the foam spica protects the thumb from impact or shock without any uncomfortable binding or stitch seams. The splint has a metal palmar and a dorsal stay to prevent flexion and extension. Recommended for post-surgical treatment of wrist and thumb injuries. Especially for treatment of Basal Joint Arthritis, DeQuervain's Tenosynovitis, tendinitis, accumulative trauma disorders of the thumb and wrist, severe wrist sprains, strains / sprains of the thumb joint (MCP), advanced Carpal Tunnel Syndrome, or after cast removal. Color: Black. Specify right or left.

Measure around the center of the wrist.

U.S. Patent:  
D477,088

# CarpalMate® Wrist Support

CarpalMate® is a lightweight wrist support designed to maintain the wrist in a neutral position while allowing full finger dexterity. Prevents the wrist from dropping and prevents excess thumb and little finger opposition. Controlling these motions will prevent excess flexion of the wrist and finger flexor tendons thus avoiding overuse. The support is held in place by a wide elastic strap that provides comfortable compressive support at the wrist. Ideal for Carpal Tunnel Syndrome. Colors: Black or Beige.

**CARPALMATE® WRIST SUPPORT**

Black Catalog Number	Beige Catalog Number	Size
22-140100	22-140000	Universal

Fits right or left

CarpalMate® is ideal for activities that require repetitive, stressful motions such as:

- Typing
- Data Entry
- Small Parts Assembly

U.S. PATENTS

# Premium Woven Series, Latex-Free

## Two-Panel Surgical Rib Belts

For Women and Men

Two-panel surgical rib belts help stabilize rib and sternum fractures by limiting expansion through compression. They provide comfort and encourage more controlled breathing to help reduce pain. Rib belts also provide support and compression to the muscles and soft tissues of the rib cage weakened by strain, trauma, overuse, inactivity, or surgery. Female rib belt is designed with a contoured fit around the bust line. Universally sized. Color: White.

PREMIUM WOVEN SERIES, LATEX-FREE TWO-PANEL SURGICAL RIB BELTS

# Soft Form® Hernia Belt

Provides gentle relief from reducible inguinal hernias. Manufactured using lightweight materials with no uncomfortable or hard to use buckles or snaps. Provides constant, comfortable and adjustable pressure to the hernia. Two uniquely shaped foam compression pads provide gradual pressure and support to the weakened muscles with focused compression on the hernia. Either pad can be removed to treat a single hernia. Color: Beige.

U.S. Patents:  
D480,145;  
6,422,242B1

## SOFT FORM® HERNIA BELT

Catalog Number	Size	Waist Measurement
67-350400	Small	30" - 35"
67-350500	Medium	35" - 41"
67-350600	Large	41" - 46"

FEATURES AND BENEFITS
• Easy hook and loop closure
• Adjustable waist band
• Adjustable perineal straps
• Flexible foam cushions
• Neutral beige color can be worn inconspicuously under most clothing

# Soft Form® Hernia Brief

Offers gentle relief from reducible inguinal hernias by providing adjustable and comfortable compression. Low in profile and white in color, it can be worn inconspicuously under most clothing. May be worn in lieu of a regular undergarment and, with hernia support built into the brief, eliminates the need to wear both a regular undergarment and a bulky truss. The removable foam cushions are designed to provide gradual compression around the affected area with focused compression on the hernia. Either pad can be removed to treat a single hernia.

U.S. Patents:  
D482,512;  
6,622,719B1

## SOFT FORM® HERNIA BRIEF

Catalog Number	Size	Waist Measurement

FEATURES AND BENEFITS
• V-shaped elastic strap
• Four sizes: Two different heights and two strap lengths available
• Lightweight elastic strap with ventilation sections
• Soft, flexible elastic strap edges
• Velcro® closure system

# Universal Abdominal Binder 9" height

UNIVERSAL ABDOMINAL BINDER 9" HEIGHT		
Catalog Number	Universal Size	Fits
34-603005	Long	36" - 60"
34-604004	Short	26" - 48"

Measure around fullest part of the abdomen.

FEATURES AND BENEFITS
• 9" height
• Elastic/foam construction
• Plastic stays for increased stability
• Fits range of sizes

# Soft Form® Lumbar Sacral Support

11" with Flexible Stays

LATEX  
FREE  
FORMULA

Indicated for muscle strain, lower back pain and discomfort, lumbar instability, lumbar spine sprain/strain and sacral contusion.

Stabilizes and supports the lumbar sacral region to help provide relief from lower back pain and discomfort. Unique multi-layered soft laminate provides excellent support and comfort with a soft cotton/nylon lining. Sewn in a five-piece design for an ultimate tapered fit without binding or rolling. Elastic compression straps in a criss-cross design give compression to the entire lumbar region. Lightweight stays in the back provide stabilizing support with flexibility. Color: Beige.

## SOFT FORM® LUMBAR SACRAL SUPPORT 11" w/FLEXIBLE STAYS

Catalog Number	Size	Fits
31-550400	Small	28" - 32"
31-550500	Medium	33" - 36"
31-550600	Large	37" - 40"
31-550700	X-Large	41" - 44"
31-550800	XX-Large	45" - 48"
31-550900	XXX-Large	49" - 52"
31-550950	XXXX-Large	53" - 56"

Measure around the fullest part of the abdomen.

79

# Soft Form® Lumbar Sacral Support

11" with Contoured Rigid Stays

LATEX  
FREE  
FORMULA

## For Men and Women

Indicated for muscle strain, lower back pain and discomfort, lumbar instability, lumbar spine sprain/strain, sacral contusion and lumbar disc dysfunction.

Similar to the above product with two removable contoured metal back stays which can be easily shaped for a customized fit. Provides more rigid and firm support.

Color: Beige.

## SOFT FORM® LUMBAR SACRAL SUPPORT 11" w/CONTOURED RIGID STAYS

Catalog Number	Size	Fits
31-560400	Small	28" - 32"
31-560500	Medium	33" - 36"
31-560600	Large	37" - 40"
31-560700	X-Large	41" - 44"
31-560800	XX-Large	44" - 48"
31-560900	XXX-Large	49" - 52"
31-560950	XXXX-Large	53" - 56"

Measure around the fullest part of the abdomen.

# 7" Lumbar Sacral Support®

## Cool - Lightweight

Ideal for Lightweight Lumbar Support

Lower height is great for shorter and smaller patients. Made of high quality seven inch high, latex free elastic. Four flexible plastic stays in the back provide support to the lumbar region. Four-inch wide tapered breathable elastic bands overlap and give a contouring shape to most body types. Soft plush finish. Easy hook and loop closure.

Color: White

7" LUMBAR SACRAL SUPPORT		
Catalog Number	Size	Fits
31-701400	Small	28" - 32"
31-701500	Medium	33" - 36"
31-701600	Large	37" - 40"
31-701700	X-Large	41" - 44"

Measure around hips just below waistline.

# Lumbar Sacral Support

## Overlapping Abdominal Belt, 10" Height

High quality ten inch high elastic with soft foam and hook and loop closures that adjust for the most comfortable and easy fit. Uniquely designed with an overlapping belt to provide additional lift in the abdominal area. Four flexible stays in the back and sides provide extra support and prevent the belt from rolling. One model is available with a foam pad for added compression in the center of the lumbar area. Available in our popular universal design or fitted sizes. Color: White.

Measure around hips just below waistline.

# 9" Neoprene Lumbar Sacral Support

This support provides compression to the lumbar sacral and abdominal regions, stabilizing and supporting these areas to provide relief from lower back pain and discomfort.

## Indications:

- Occasional or Chronic Back Pain
- Muscle Strain
- Lumbar Sprain/Strain
- Sacral Contusion

### FEATURES AND BENEFITS

- 9" high neoprene back panel provides therapeutic warmth
- Tapered panels contour the body for excellent compression and support
- Ventilated side panels for comfortable support
- Flexible stays provide strength and stability to the lumbar region and prevent the belt from rolling
- Low profile for inconspicuous wear underneath clothing
- Easy application with simple hook and loop closures
- Black color for extended wear

### 9" NEOPRENE LUMBAR SACRAL SUPPORT

Catalog Number	Size	Fits
31-722400	Small	28" - 32"
31-722507	Medium	33" - 36"
31-722604	Large	37" - 40"
31-722701	X-Large	41" - 44"
31-722808	XX-Large	45" - 48"

Measure around hips just below the waistline.

81

# ProLite® Mesh•Loc™ Lumbar Support

This support provides abdominal compression and lift to the lumbar region, stabilizing and supporting these areas to relieve lower back pain and discomfort. Ideal for occasional or chronic back pain, lumbar sprains/strains, lumbar instability, muscle weakness and postural support.

## Indications:

- Occasional or Chronic Back Pain
- Lumbar Sprain/Strains
- Lumbar Instability
- Muscle Weakness and Postural Support

### FEATURES AND BENEFITS

- Patented strapping method provides hydrostatic lift to instantly relieve the load and stress on the spine
- Tapered panels contour the body for excellent compression and support
- Rigid stays provide strength and stability to the lumbar region
- Easy application with simple hook and loop closures
- Black color for extended wear

### PROLITE® MESH•LOC™ LUMBAR SUPPORT

Catalog Number	Size	Fits
31-330400	Small	24" - 28"
31-330500	Medium	29" - 33"
31-330600	Large	34" - 39"
31-330700	X-Large	40" - 44"
31-330800	XX-Large	45" - 49"
31-330900	XXX-Large	50" - 55"

Measure around hips just below the waistline.

# Deluxe Lumbar Support

## Support 11" Height

Alleviates pain caused from muscle strain by relieving stress on the lower spine. This popular support is exceptionally strong and durable. Back panel is made of perforated vinyl with a soft cotton lining. Strength is achieved with four contoured rigid stays that can be shaped for a customized fit. Double front closures are made of high quality elastic and soft foam. Color: White.

### DELUXE LUMBAR SUPPORT 11" HEIGHT

Catalog Number	Size	Fits
31-101403	Small	25" - 34"
31-101607	Medium - Large	32" - 42"
31-101704	X-Large	38" - 48"

Measure around hips just below waistline.

# Sacral Iliac Support

with Compression Pad 6" Height

Six inch high support provides compression to the sacral iliac region. Has a removable stockinette covered foam compression pad with a rigid back. Contoured in front to fit around the hips. Adjustable hook and loop closure. Available in a universal design or fitted sizes. Color: White.

### SACRAL ILIAC SUPPORT w/COMPRESSION PAD 6" HEIGHT

Catalog Number	Size	Fits Hips
31-801008	Universal	33" - 48"
31-801406	Small	28" - 32"
31-801503	Medium	33" - 36"

31-801707	X-Large	41" - 44"
31-801804	XX-Large	45" - 48"

Measure around hips just below waistline.

# Criss-Cross Lumbar Sacral Support 10" Height

LATEX  
FREE  
FORMULA

Criss-cross wrap around ten inch high lumbar sacral support. All elastic construction for comfortable compression. Six-inch wide overlapping front elastic bands. Three-inch wide elastic criss-cross bands in back. Flexible plastic stays prevent the support from rolling. Easy hook and loop closure. Universal design. Color: White.

CRISS-CROSS LUMBAR SACRAL SUPPORT 10" HEIGHT

Catalog Number	Size	Fits
31-410000	Universal	33" - 48"

Measure around hips just below waistline.

# Dorsal Lumbar 19" Support

LATEX  
FREE  
FORMULA

Provides compression to the dorsal lumbar and abdominal areas. Back panel is 19" high with four rigid contoured stays for extra support. Six-inch wide overlapping front elastic bands. Easy hook and loop closure, with adjustable non-elastic web straps that close with locking buckles. Adjustable shoulder straps. Color: White.

DORSAL LUMBAR 19" SUPPORT

Catalog Number	Size	Fits
31-950401	Small	28" - 32"
31-950508	Medium	33" - 36"
31-950605	Large	37" - 40"
31-950702	X-Large	41" - 44"
31-950809	XX-Large	45" - 48"

Measure around hips just below waistline.

# Soft Form® Maternity Support Belt

Comfortably supports the lumbar and abdominal regions to help provide relief of lower back pain and discomfort during pregnancy. Made of a unique multi-layered soft laminate that provides excellent support and comfort with a soft cotton/nylon lining. Abdominal lift attachment provides lift without undesirable pressure and can expand to accommodate growth during various stages of pregnancy. Easy to wear under most clothing. Color: Beige.

U.S. Patents:  
D437,416

### SOFT FORM® MATERNITY SUPPORT BELT

Catalog Number	Size	Dress Size Before Pregnancy
31-570400	Petite	2 - 6
31-570500	Universal (Medium)	6 - 14
31-570600	Large	14 - 20

# Thermal Lumbar Support

Reusable hot/cold gel pack for treatment of minor back aches and pains resulting from sprains, muscle soreness and strains, cramping, or contusion (bruising). Stabilizes and supports the lumbar sacral region to help provide relief from lower back pain and discomfort. Color: Black.

U.S. Patent  
D496,108

### THERMAL LUMBAR SUPPORT

Catalog Number	Size	Fits
31-7504	Small	28" - 32"
31-7505	Medium	33" - 36"
31-7506	Large	37" - 40"
31-7507	X-Large	41" - 44"

Measure around the fullest part of the abdomen.

### FEATURES AND BENEFITS

- Reusable thermal gel provides penetrating hot or cold therapy.
- Mesh pocket holds reusable hot/cold thermal gel insert over lower lumbar region.
- Support gives an ultimate tapered fit without binding or rolling.
- Plush, ventilated elastic panels – lightweight elastic with a unique ventilated filament stitch provides cool and comfortable compression. Panels overlap and give a contouring shape to most body types.
- Easy hook and loop closure.

# V-Loc™ LSO Spinal Orthosis

When the strapping system is closed over the V-Shaped rigid anterior panel, it provides intra-abdominal muscle compression and provides a lift to hold the weight of the abdominal area. By lifting and holding the weight, pressure is relieved from lumbar discs reducing the associated pain. The posterior and anterior panels work together, giving opposing support to stabilize the lumbar region. The result is a supported and pressure free lumbar spine held in a healthy, correct posture.

## Indications:

- Chronic Lower Back Pain
- Lumbar Strains or Sprains
- Muscle Weakness
- Lumbar Instability
- Post Operative Rehabilitation
- Postural Support

U.S. Patents:  
5,207,636;  
5,267,948

## V•LOC™ LSO SPINAL ORTHOSIS

Catalog Number	Size	Fits
32-1504	Small	24" - 28"
32-1505	Medium	29" - 33"
32-1506	Large	34" - 39"
32-1507	X-Large	40" - 44"
32-1508	XX-Large	45" - 49"
32-1509	XXX-Large	50" - 55"

Measure around waist at the navel.

## FEATURES AND BENEFITS

- Unloads pressure from lumbar discs to alleviate lower back pain and discomfort
- V-Shaped anterior panel creates true hydrostatic lift of lower abdominal muscles
- Rigid posterior and anterior panels stabilize the lower spine and control rotation and pelvic tilt
- 10" high back panel covers L1-L5 vertebrae
- Elastic insets provide a conforming fit around the hips
- Soft, padded lining for maximum comfort and compliance
- Ultra-thin low profile for comfortable, inconspicuous wear
- Fully adjustable, patented closure system does not rely on elastic for extended product life
- Provides pain relief during activity and allows for immediate participation in rehabilitation exercises
- For men and women

# Actimove® Genu Clip Knee Immobilizer with Clip Closure System

The Actimove® Genu Clip Knee Immobilizer with clip closure system is convenient and easy to apply. It stabilizes the knee joint in a comfortable way after acute injury or surgical interventions.

# GelBand® Patella Strap

This patella strap provides the ideal in therapeutic support - conforming compression without restricting circulation. Use this support to treat symptomatic pain from Chondromalacia Patella Syndrome, Patellar Tendinitis, and Osgood-Schlatter's disease. Strap applies uniform compression which helps guide the patella and improve tracking. Includes a uniquely designed viscoelastic insert that provides consistent and focused compression.

U-Point™ Gel Insert focuses pressure on the tendon below the kneecap

Angulated buckles allow strap to reside properly for minimal migration in either inferior or superior applications. Colors: Black or Beige.

GELBAND® PATELLA STRAP

Measure around kneecap.

# Safe-T-Sport® Sports Neoprene Patella Support

Neoprene retains the body's natural heat to provide therapeutic and soothing warmth to joints and muscles. The inferior patella pad focuses compression on the patellar tendon to relieve discomfort, increase stabilization and improve patella tracking. Indicated for Chondromalacia Patella, fat pad impingement, Osgood-Schlatter Disease, patella instability, patella tendonitis, patellar subluxation, degeneration, and arthritis. Color: Black.

SAFE-T-SPORT® SPORTS NEOPRENE PATELLA SUPPORT		
Catalog Number	Size	Fits
37-300400	Small	13" - 14"
37-300500	Medium	14.5" - 15.5"
37-300600	Large	16" - 17"
37-300700	X-Large	17.5" - 18.5"

Measure circumference around the center of the patella (kneecap).  
Note - If measurement falls between two sizes, select the next larger size.

FEATURES AND BENEFITS
• Sports Neoprene provides therapeutic warmth and support around the joint to speed healing.
• Inferior Patella Pad applies uniform compression to reduce the load on the patellar tendon to increase stability, improve patella tracking, and help alleviate pain and pressure.
• Adjustable hook and loop straps for an improved fit and enhanced compression control.
• Simple wrap-around design for quick, easy application.

# Neoprene Patella Stabilizer

with Removable Horseshoe

This stabilizer comes with a removable horseshoe that can be adjusted superiorly, inferiorly, medially or laterally depending on the stability needs of the knee. The horseshoe provides increased pressure around the patella for patellar tracking problems. Medial/lateral stability is provided by the spiral stays.

**INDICATIONS:**

- Chondromalacia Patella
- Infra and Subpatellar Bursitis
- Lateral Tracking Patella
- Osgood-Schlatter Disease
- Patellar Instability
- Patellar/Pain Syndrome
- Patellar Subluxation
- Patellar Tendonitis

**NEOPRENE PATELLA STABILIZER with REMOVABLE HORSESHOE**

Measure 4" above center of the kneecap.

**FEATURES AND BENEFITS**

- Four way stretch for proper fit and comfort
- Sports neoprene for therapeutic warmth
- Adjustable support straps
- Horseshoe support, spiral stays
- Easy slip-on style

# Lateral Knee Stabilizer

## with "J" Shaped Buttress

The Safe-T-Sport® Lateral Knee Stabilizer with "J" Shaped Buttress provides excellent side-to-side support of the knee and stabilization of the kneecap. Indicated for conditions such as: Chondromalacia, pain from lateral pressure syndrome, patella instabilities, lateral patellofemoral malalignment, and lateral dislocation.

### Sports Neoprene

Neoprene has soft, long loop nylon lining for comfortable wear. Durable enough for wear during sports. Sports neoprene provides consistent compression and therapeutic warmth to joints and muscles.

### Tubular "J" Buttress

Maintains proper alignment of the patella (kneecap). Provides lateral side support and stabilization.

### Adjustable Support Straps

Straps adjust medially for an adjustable amount of compression and increased stability. The unique angle of the straps creates extra support compression across the lateral "J" buttress for increased stabilization.

### Flexible Stays

Spiral stays provide medial and lateral stability while maintaining full range of motion.

37-303800	XX-Large	22" - 23"
37-303900	XXX-Large	24" - 25"

Measure circumference of leg, 4" above center of the kneecap.

### FEATURES AND BENEFITS

- Unique Breathable Foam Material is latex free and neoprene free. Provides compression with a soft plush fabric against the skin. Non-irritating for those with sensitive skin.
- Wrap-Around Design is ideal for swollen or injured knees – quick and easy to apply.
- Flexible Spiral Stays provide medial and lateral (side-to-side) stability of the knee joint.
- Open Popliteal eliminates bunching and irritation behind the knee.
- Condyle Pads offer additional padding and stabilization to the patella.
- Adjustable Support Straps for an improved fit that stays in place.
- Latex free and Neoprene free.

# OA / Arthritis Knee Brace

This lightweight, low profile brace is ideal for daily activities. The sports neoprene provides therapeutic warmth to the joint and surrounding tissues to help soothe aches and pains.

**Indications:**

- Mild Unicompartmental Osteoarthritis (OA)
- Knee Pain or Inflammation Due to Cartilage or Meniscus Deterioration
- Mild Ligament Instabilities
- Medial or Lateral Instability
- Post-Op (Meniscal or Articular Cartilage Repair)

FEATURES AND BENEFITS
• Provides Excellent Support and Targeted Pain Relief
• May Relieve the Pain Associated with Mild Osteoarthritis (OA) of the Knee
• Unilateral Hinge and Strapping Configuration Apply Corrective Force to Offload the Affected Side of the Joint
• Wrap-Around, Patient-Friendly Design - Easy to Apply to Swollen Tender Knees
• Neoprene Provides Therapeutic Warmth to Soothe the Aching Joint
• Support Straps Allow for Adjustable Compression
• Available in Medial and Lateral Designs for Left and Right Knee Applications
• Interchangeable Condyle Pads for Day-to-Day Adjustment

# Safe-T-Sport® Neoprene Hinged Knee Stabilizing Brace

Neoprene knee sleeve with durable steel hinged reinforcements allow for flexion and limit medial/lateral movement with a 180° hyperextension stop. Hinges in neoprene covered pockets for added comfort. Brace includes a superior horseshoe for added patella stability. Two adjustable straps prevent brace migration. Sports neoprene with nylon terry liner has a soft, seamless feel against the skin. Open patella and easy slip on style. Colors: Navy or Black.

37-107730	X-Large	20" - 21"
37-107830	XX-Large	22" - 23"

Measure 4" above center of the kneecap.

## FEATURES AND BENEFITS

- Lightweight neoprene for consistent compression and therapeutic warmth
- Interior horseshoe support around knee joint for patellar tracking problems
- Lightweight composite hinges allow for flexion while limiting medial/lateral movement and preventing hyperextension
- Pull-on style with two loop lock adjustable straps

# Safe-T-Sport® Wrap-Around Hinged Knee Brace

Sports neoprene provides consistent compression and four-way stretch for proper fit and comfort. Neoprene retains the body's natural heat to provide therapeutic and soothing warmth to joints and muscles. Indicated for slight to moderate ligament sprains and tears, medial/lateral meniscal tears, arthritis and knee joint instability. Durable hinges give medial and lateral stabilization to the knee and allow for full knee flexion with hyperextension stops. Color: Black.

#### SAFE-T-SPORT® WRAP-AROUND HINGED KNEE BRACE

Catalog Number	Size	Fits
37-350300	X-Small	12" - 13"
37-350400	Small	14" - 15"
37-350500	Medium	16" - 17"

37-350800	XX-Large	22" - 23"
37-350900	XXX-Large	24" - 25"

#### FEATURES AND BENEFITS

- Sports neoprene with four-way stretch compression
- Front wrap closures for quick, easy application - especially easy to apply over tender or swollen knees
- Medial/lateral metal hinges allow for full flexion and prevent hyperextension
- Open behind the knee to help prevent bunching and improve comfort
- Two adjustable support straps

Measure 4" above center of the kneecap.

# FlexLite® Cool Walking Knee Hinged Knee Support

with Neoprene Knee Support

This practical hinged knee support is extremely lightweight and recommended for mild ligament injury, knee instability or degenerative joint disease. Ideal for walking or light activities. Provides medial and lateral stabilization. Hinges are made of an ultra light space age composite material that is strong and durable. Hinges include stops to help prevent the knee from hyperextending. Unlike neoprene, the base foam material is breathable and cool with less bulk. Wrap style front closures and tension control straps. Color: Black.

#### FLEXLITE® COOL WALKING KNEE HINGED KNEE SUPPORT

Catalog Number	Size	Thigh	Calf
37-108440	Small	14" - 16"	11.5" - 13"
37-108540	Medium	16" - 18"	13" - 14.5"

37-108840	XX-Large	24" - 27"	18" - 20"

To determine your size: Measure your thigh 4 to 5 inches above the center of your kneecap. Measure around your calf 4 to 5 inches below the center of your kneecap. If measurements differ slightly, use the thigh measurement.

# PowerCentric<sup>®</sup> Composite, Polycentric Hinged Knee Brace

Offers intermediary support for mild to moderate ligament strains, sprains (ACL/PCL), meniscal injuries, medial/lateral co-ligament instabilities and tears, and hyperextension or chronic knee instability problems. The polycentric hinges allow for full range of motion and include a built-in "stop" to prevent hyperextension of the knee.

Contoured condyle shells provide additional protection against lateral impacts during activity. Color: Black.

## POWERCENTRIC<sup>®</sup> COMPOSITE, POLYCENTRIC HINGED KNEE BRACE

Black Catalog Number	Size	Thigh	Calf

37-109700	X-Large	25" - 29"	19" - 22"
37-109800	XX-Large	29" - 33"	22" - 24"

Measure your thigh 4 inches above the center of your kneecap. Measure around your calf 4 inches below the center of your kneecap. If measurements differ slightly, use the thigh measurement.

## FEATURES AND BENEFITS

- Polycentric hinges allow for full range of motion
- Lightweight and durable composite hinge material
- Hinge stop prevents knee hyperextension
- Adjustable straps
- Excellent patella stabilization
- Open popliteal design prevents bunching and irritation at the back of the knee
- Sports neoprene for consistent support and therapeutic warmth
- Easy slip-on style

# Adjustable ROM Knee Brace

## INDICATIONS:

- Mild to moderate ligament strains and sprains (ACL/PCL/MCL/LCL)
- Meniscal strains and tears
- Medial/lateral knee instability
- Chronic knee instability
- Post-op range of motion control

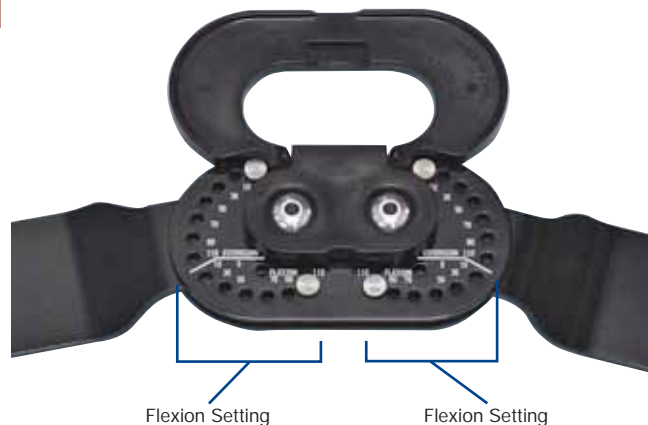

## ADJUSTABLE ROM KNEE BRACE

Size	Fits	Catalog Number
Universal Regular	12" - 20"	37-450000
Universal Plus	18" - 26"	37-450700

Measure around center of kneecap. Brace fits right or left knee.

## FEATURES AND BENEFITS

- Polycentric Range of Motion Hinges allow for progressive rehabilitation. Flexion and extension settings can be adjusted in 20 degree increments to control movement of the joint, preventing further injury and speeding healing. Dual axis, polycentric hinges track more closely with the knee motion and provide medial and lateral stabilization.
- Tri-Permalon™ Material is latex free and neoprene free and is ideal for those with sensitive skin or who are susceptible to heat build-up. Durable outer material is hook compatible and allows wrap closures to be placed anywhere on the support and gives excellent strength and support. Inner breathable foam material does not retain body heat. Allows for cool and comfortable wear. Smooth lycra lining is comfortable against the skin and provides power stretch for compressive support.
- Universal Two-Way Adjustable Straps fit a wide range of sizes, create a custom-like fit, and gives an improved fit that stays in place.
- Open Popliteal eliminates bunching and irritation behind the knee.
- Wrap-Around Design for easy application over swollen, tender joints.

**\*\*IMPORTANT:** Verify that both hinges are set at the same amount of flexion and extension.

# Specter® ROM Standard

Standard Specter® ROM provides post-operative immobilization and range of motion needed after ACL, PCL, MCL and LCL surgeries.

## SPECTER® HINGE

All Specter® ROM Braces have a spring loaded snap-lock hinge to make ROM adjustments quick and easy. For patient lock-out, use the optional hex screw. Range of motion increments are in 7.5 degrees.

Use with or without optional Patient Lock-Out

Spring loaded snap-lock for easy setting

## SPECTER® ROM STANDARD KNEE BRACE

# HealWell® AFO Night Wrap

Helps prevent nighttime contracture with countervailing tension to hold the foot neutral. This helps relieve pain and discomfort and speed healing in new or mild conditions such as Achilles tendinitis, plantar fasciitis or arthritis. Designed to wear during rest or sleep.

**Indications:**

- Arthritis
- Achilles Tendinitis
- Plantar Fasciitis
- Calf Muscle Cramps
- Equinus (Muscle Tightening)
- Heel & Arch Pain
- Achilles Paratenonitis
- Post Surgical Treatment of the Foot
- Fits right or left

**HEALWELL® AFO NIGHT WRAP**

Catalog Number	Size	Fits Woman's Shoe	Fits Men's Shoe
58-6004	Small/Medium	6 - 9	up to 8
58-6006	Large/X-Large	9.5 and up	8.5 to 11.5

For shoe size greater than 11.5 it is recommended to use the HealWell® Cub™ or Standard Night Splint.

**FEATURES AND BENEFITS**

- **SOFT LAMINATED FOAM** - Breathable, lightweight material is comfortable for night-time wear with a smooth lining.
- **SLIM, LOW PROFILE** - No bulk, compact wrap design is easy to sleep in.
- **NON-SLIP PAD** - For safe, occasional walking.
- **COMPRESSION FORMED BACK** - Holds the wrap in place and conforms around the ankle and heel for improved foot positioning.
- **DUAL TENSION STRAPS** - Countervailing tension straps help hold the foot in position and prevent plantar flexion. Straps criss-cross for less bulk.
- **PLANTAR SURFACE SUPPORT** - Tension straps work with a low profile, rigid stay on the plantar surface, functioning as a lever to maintain foot position.

# HealWell® Cub™ Plantar Fasciitis Night Splint Resting Comfort Slipper™

The HealWell® Cub™ Resting Comfort Slipper™ is designed to comfortably position the foot in the controlled amount of dorsiflexion to provide a gentle stretch across the plantar fascia, Achilles tendon and calf muscles. This gentle stretch helps reduce the muscle and ligamentous contracture, inflammation and associated pain - clinically proven to reduce symptoms of plantar fasciitis. This action also helps relieve many other conditions of the lower extremities including foot drop, Achilles tendinitis, and painful night calf muscle cramping.

Color: Black. Specify right or left.

#### HEALWELL® PLANTAR FASCIITIS NIGHT SPLINT

Size	Right	Left	Fits	
	Catalog Number	Catalog Number	Woman's Shoe	Men's Shoe
Small	58-5004	58-5014	7.5 and under	6.5 and under
Medium	58-5005	58-5015	8 -11.5	7 -10.5
Large	58-5006	58-5016	12 and up	11 -13

#### FEATURES AND BENEFITS

- Low profile, lightweight with less bulk for superior comfort.
- Open toe "slipper" is comfortable against the foot and easy to sleep in. Cool and comfortable to wear.
- Lateral side support with opening ensures no pressure on the sensitive heel, Achilles tendon, or bony ankle malleolus.
- Adjustable hinge can be positioned from 0 to 10 degrees depending on the amount of stretch required or desired.
- Built in toe wedge for more effective stretch across the plantar fascia.
- Ankle strap is perfectly positioned to hold the foot and heel in place for a more effective stretch.
- Easy and quick to apply.
- Cool, breathable foam material.

US Patents D497,207; D495,058;  
D481,798 & 7,182,743

Inner Shell - Lateral Side

#### ADJUSTABLE DORSIFLEXION

Adjustable hinge can be positioned from 0 to 10 degrees, depending on the amount of stretch required or desired.

Preset at most common 5 degree setting.

# HealWell® Plantar Fasciitis Night Splint

U.S. Patent  
D434,504

## Night Splint

### Our Standard Plantar Fasciitis Night Splint

Comfortably positions the foot in a controlled amount of dorsiflexion. Adjustable bilateral dorsiflexion straps enable the application of prolonged stretch to the soft tissues of the Plantar Fascia and the Achilles tendon. Both the heel orientation and tibial straps are easy to adjust and use with push lock buckles. Padded straps for increased comfort. Made of high density plastic with ventilated calf area for patient comfort and breathability. Removable, soft liner. Removable foam wedge to provide additional toe extension.

Universal design fits both left and right.

#### Indicated to Treat:

Plantar Fasciitis • Achilles Tendinitis • Heel Spurs  
Muscle Tightening • Runner's Cramp

# HealWell® Multi AFO / Contracture Splint

The HealWell® Multi AFO is designed to help prevent and/or treat many conditions of the lower extremities. The shell is made of lightweight plastic and has a spring-like action. It has a soft and comfortable liner that allows air to circulate, absorbs perspiration and also keeps the foot warm. Padded adjustable toe post and hip rotation bar. Liner is removable for laundering. Available with or without transfer pad.

## Indications:

- Non-Fixed Ankle Contractures
- Foot Drop
- Pressure Ulcers
- Hip Abduction
- Ankle Deformity
- Hip or Leg Rotation
- Post Surgery Knee or Hip

Available with or without transfer pad.  
Pad assists the patient in transfers and in therapy treatment plans.

Completely  
Suspends the Heel

# HealWell® Soft Ease™ Multi-AFO / Heel Suspender

with Soft Replaceable Foam Cover

The HealWell® Soft Ease™ Multi-AFO/Heel Suspender is designed to position the foot with the heel completely suspended, eliminating pressure and preventing ulcers. The unique shape allows the heel to float in an air cavity with absolutely no contact. This product is an economical, effective solution for heel ulcer prevention for any at-risk patient.

By suspending the heel, the Soft Ease promotes air circulation around the foot, aiding in treatment and healing of existing pressure ulcers. The resilient plastic shell base correctly positions the foot for treatment of foot drop and non-fixed ankle/foot contractures. It also maintains alignment of the foot with the lower leg, minimizing inversion and eversion of the foot.

## HEALWELL® SOFT EASE™ MULTI-AFO / HEEL SUSPENDER

# EZ-ON® Wrap-Around Ankle Support

Double elastic strap offers adjustable compression to both the medial and lateral sides of the ankle and arch of the foot. The wide strap simulates taping and wraps in a figure-eight design with a simple hook closure. Indicated for swollen, tender, or weak ankles, sprains, strains, sports injuries, and arthritis. Color: Black.

## EZ-ON® WRAP-AROUND ANKLE SUPPORT

Catalog Number	Size	Fits
40-550400	Small	8" - 10.5"
40-550500	Medium	10.5" - 12.5"
40-550600	Large	12.5" - 14.5"
40-550700	X-Large	14.5" - 16.5"
40-550800	XX-Large	16.5" - 18.5"
40-550900	XXX-Large	18.5" - 20.5"

Measure circumference of calf, 5" above ankle joint.

## FEATURES AND BENEFITS

- **SUPPORTS AND STABILIZES** - the ankle while allowing for full flexibility.
- **MADE WITH SPORTS NEOPRENE AND TRI-PERMALON™**  
The foot and ankle portion is made of neoprene which provides therapeutic warmth and compression to the joint and soft tissues. The top portion is made of a breathable Tri-Permalon™ foam to let the heat dissipate and air circulate.
- **WIDE, DOUBLE ELASTIC STRAP** wraps around the joint for increased stability. Figure-eight strap design simulates taping of the ankle and provides arch support.
- **SIMPLE HOOK CLOSURE** - allows for quick and easy application.
- **OPEN HEEL** - comfortable wrap support.
- **MAY BE WORN UNDER OR OVER SOCKS.**

# Ankle Guard with Optional Plastic Inserts

Soft, flexible vinyl ankle brace provides medial/lateral support to weak or injured ankles. Lace-up front allows for an intimate fit. Light enough to wear during athletic activity to help reduce the chance of sprains and strains. Medial/lateral support can be increased with optional plastic inserts. Plastic inserts are included. Fits left or right. Color: White.

# ProLite<sup>®</sup> Ankle Stirrup Brace with Air Liners

This brace provides medial and lateral support to stabilize the ankle joint for faster recovery and healing of tender soft tissues. Ideal brace for mild or moderate sprains, strains, or after cast removal. Provides stabilization to chronically weak ankle joints as well.

Color: White/Blue.

**PROLITE<sup>®</sup> ANKLE STIRRUP BRACE with AIR LINERS**

Catalog Number	Size
40-908000	Universal

**FEATURES AND BENEFITS**

- Unique, durable tri-layer foam air bladder construction liner
- Pre-Inflated full length pneumatic air bladders pulsate and massage ankle during walking to help reduce ankle swelling and pain
- Stabilizes weak ankle joints following ankle sprains, strains or after cast removal
- Adjustable heel piece conforms to fit a range of sizes
- Two adjustable swivel straps ensure proper strap placement each time brace is applied
- Standard height fits in most athletic shoes
- Fits most ankles - right or left

# Actimove<sup>®</sup> Talocast<sup>®</sup> Functional Ankle Brace

The Actimove<sup>®</sup> Talocast<sup>®</sup> Ankle Brace is anatomically shaped to provide an ideal fit. The low profile design allows an easy fit within an athletic shoe. Features a foam, interior pad which provides patient comfort.

**ACTIMOVE<sup>®</sup> TALOCAST<sup>®</sup> FUNCTIONAL ANKLE BRACE**

Size according to shoe size.

## FEATURES AND BENEFITS

- Bi-lateral articulating hinges glide smoothly allowing for full, unrestricted foot flexion.
- Foot plate transfers weight-bearing forces from the ankle joint and increases foot and ankle stability.
- Solid u-shape provides superior inversion/eversion protection.
- Lightweight support shells molded from a lightweight plastic material in a design tailored to the ankle for maximum stabilization of the joint.
- Padded, formed foam liners. Ultra-lightweight liners cushion and hug the ankle with less bulk for a sleek, low profile fit.
- Integrated elastic straps. Two closure straps are integrated for a secure fit with no movement.
- Fits Right or Left

**FULL,  
UNRESTRICTED  
FOOT FLEXION**

# StepLite® Easy Strider™ Walker Braces

**Indications:**

- Acute or severe ankle sprains
- Lower extremity soft tissue injuries
- Stable fractures of the foot or ankle
- After cast removal
- Severe ankle or foot strains
- Stress fractures of the foot or ankle
- Post achilles tendon repairs

FEATURES AND BENEFITS
• Lightweight and low profile
• Rocker bottom with no skid sole
• Criss-cross ankle straps for improved foot stabilization
• Adjustable top straps
• Breathable foam liner with soft wicking inner material to keep skin cool and dry
• Extra comfort padding
• Compact packaging for easy handling and storage
• High and low height walkers available

# Orthopedic Supports for Pediatric / Youth Anatomically Designed...

A full range of orthopedic supports and braces specifically designed for pediatric and youth sizes. These pediatric products have been anatomically designed using anthropometric data compiled from two studies to accommodate 95% of children, providing a more precise fit and better overall support.

## ...Specifically for Kids

Anatomically designed using anthropometric data compiled from studies performed by the Consumer Product Safety Commission and the Information Technology Laboratory at the National Institute of Standards and Technology. These studies collected and recorded average body measurements of each age range to aid in the design of products specifically for children. Using data from the resulting report, Physical Characteristics of Children\*, our designed its pediatric products have been designed to accommodate 95% of children.

Examples of Sizing Data

## Quality Materials

The high quality, soft materials used in our pediatric line provide optimal comfort, support, and durability that both kids and parents can count on. All infant and pediatric sized products are child friendly – latex free and free of metal buckles and harsh closures, reducing the chance of irritation.

## Approximate Age Ranges

- Infant - Fits 0-24 months
- Pediatric - Fits 2-7 years
- Youth - Fits 8-12 years
- Small Adult - Fits 13+ years

\* Age ranges for each size are approximate and should be used as a general guide. Measurements should be taken to ensure proper fit and function.

## Informative Color Packaging & Instruction Sheet

The infant and pediatric sized products in this offering are supplied in consumer friendly packaging with complete care and use instructions on the carton or on the enclosed insert sheet. Each box is labeled with measuring information and a provider peel-off label for easy transfer, billing and reordering. Many of the x-small and small sizes in our regular line fit youth and teens as well.

Items indicated with this icon are only available in our Pediatric packaging.

Catalog Number	Size	Approx. Age	Circumference 4" Above Knee*
37-103308	Youth / XS	8 - 12 yrs	12" - 13"
37-103405	Small	13+ yrs	14" - 15"

\*Measure circumference 4" above center of knee.

# Knee Immobilizer

**Indications:**

- Post Surgery
- After Cast Removal
- Knee Stability After Injury

**KNEE IMMOBILIZER - REGULAR LINE**

Catalog Number Each	Size	Approx. Length*	Fits**
38-140002	Youth / XS	12"	12" - 13"
38-141004	Youth / Lg	14"	14" - 15"

\*Measure inseam to determine appropriate length.

\*\*Measure circumference 4" above center of knee.

**FEATURES AND BENEFITS**

- Popular tri-panel design with adjustable side panels
- Made of a soft foam treated with Antimicrobial Protection for a fresher, more hygienic product
- Lateral and medial stays increase stability
- Contoured posterior stays immobilize the knee
- Easy loop lock closures

# Wrist Splint

**Indications:**

- Sprains
- Strains
- After Cast Removal

**WRIST SPLINT - PEDIATRIC LINE**

Catalog Number Right	Catalog Number Left	Size	Approx. Age	Wrist Circumference
22-300110	22-300120	Infant	0 -24 mos	4.5" and under
22-300210	22-300220	Pediatric	2 - 7 yrs	4.5" - 5.5"
22-300310	22-300320	Youth	8 - 12 yrs	5.5" - 6.5"

Measure circumference at wrist. Specify right or left.

**FEATURES AND BENEFITS**

- Soft, breathable foam for comfort
- Antimicrobial Protection for a fresher, more hygienic product
- Palmar/dorsal stays immobilize and support the wrist, prevent extension and flexion
- Low contour at palmar crease allows for full finger dexterity
- Simple hook and loop closures

# ProLite® Wrist Splint

**Indications:**

25-1024PK	Youth / Sm	8 - 12 yrs	7"
25-1025PK	Sm Adult / Med	13+ yrs	8"

## FEATURES AND BENEFITS

- Permits any degree of flexion/hyperextension
- Malleable stay can be contoured to finger/thumb
- Soft foam liner for increased comfort
- Movable hook and loop closures for greater adjustability
- Individually packaged in a convenient 6-pack box

# Neoprene Elbow Sleeve

## Indications:

- Tendonitis
- Tennis Elbow
- Juvenile Arthritis
- Muscle Strains

## NEOPRENE ELBOW SLEEVE - PEDIATRIC LINE

Catalog Number Each	Size	Approx. Age	Forearm Circumference
19-601304	Ped / Lg	5 - 7 yrs	6.5 - 7.5"

## NEOPRENE ELBOW SLEEVE - REGULAR LINE

Catalog Number Each	Size	Approx. Age	Forearm Circumference
19-601406	Youth / Sm	6 - 7 yrs	7" - 9"
19-601503	Sm Adult / Med	13+ yrs	9" - 10.5"

## FEATURES AND BENEFITS

- Sports neoprene provides therapeutic warmth and compression around entire joint
- Soft nylon loop lining
- Adjustable strap for increased support

# Neoprene Ankle Support

**Indications:**

- Mild Sprains
- Ankle Strains
- Juvenile Arthritis
- Weak Ankles
- Tendinitis

FEATURES AND BENEFITS
• Sports neoprene for compression and therapeutic warmth
• Supports the ankle
• Limits swelling and decreases pain
• Allows for a full range of motion
• Easy slip-on style, open heel
• Can be worn over or under a sock

NEOPRENE ANKLE SUPPORT - PEDIATRIC LINE			
Catalog Number	Size	Approx. Age	Ankle Circumference

FEATURES AND BENEFITS
• Comfortable firm support for weak or injured ankles
• Lightweight knit material is a breathable alternative to neoprene
• Unique knit design for precise compression
• Available in blue or beige
• Latex free

# Universal Arm Sling

## UNIVERSAL ARM SLING - PEDIATRIC LINE

Catalog Number	Size	Approx. Age	Sling Length	Forearm Length	Color
28-502102	Infant	0 - 24 mos	5"	3.5" - 5.5"	Ped Print
28-502204	Ped	2 - 7 yrs	7"	5" - 8"	Ped Print
28-502307	Youth	8 - 12 yrs	9"	7" - 10"	Navy Poly / Ctn

## UNIVERSAL ARM SLING - REGULAR LINE

Catalog Number	Size	Approx. Age	Sling Length	Forearm Length	Color
28-502006	Universal	13+ yrs	17"	11" - 16"	Navy Poly / Ctn

### FEATURES AND BENEFITS

- Traditional cradle arm sling
- Fast, simple application
- Hook and loop closures for increased adjustability

# Soft Form® Posture Control Brace

### Indications:

- For limiting forward and downward movement of the shoulders (slouching)
- Helps improve poor posture and relieves pain caused by juvenile arthritis
- To encourage proper posture

### Contraindications:

- Chronic pain associated with juvenile arthritis
- Severe developmental abnormalities or permanent anatomical deformities

## SOFT FORM® POSTURE CONTROL BRACE - REGULAR LINE

Catalog Number	Size	Approx. Age	Abdomen Circumference
16-900100	Ped / Sm	2 - 4 yrs	20" - 24"
16-900200	Ped / Lg	5 - 7 yrs	23" - 27"
16-900300	Youth	8 - 12 yrs	25" - 29"

### FEATURES AND BENEFITS

- Promotes proper posture
- Gently holds shoulders back
- Elastic side panels provide support compression to abdominal and lumbar regions for improved posture and alignment
- Soft, breathable materials keep skin cool
- Flexible plastic stays for additional support
- Criss-cross shoulder straps prevent pinching of the skin and increase adjustability

# Cervical Collar

## CERVICAL COLLAR - PEDIATRIC LINE

Catalog Number	Size	Approx. Age	Neck Circumference	Width x Length
11-111101	Infant	0 - 24 mos	9" - 10.5"	2" x 13"
11-121202	Ped	2 - 7 yrs	10" - 12"	2.5" x 15"
11-131306	Youth	8 - 12 yrs	12" - 14"	2.5" x 17"

## FEATURES AND BENEFITS

- Low contour maintains head in neutral position
- Simple application with hook and loop closures

# Clavicle Support

## CLAVICAL SUPPORT - PEDIATRIC LINE

Catalog Number	Size	Approx. Age	Fits Chests
16-101106	Infants	0 - 24 mos	15" - 20"
16-101307	Ped / XS	2 - 7 yrs	20" - 24"

## CLAVICAL SUPPORT - REGULAR LINE

Catalog Number	Size	Approx. Age	Fits Chests
16-101404	Youth / Sm	8 - 12 yrs	24" - 30"

## FEATURES AND BENEFITS

- Holds shoulders back and limits clavicle movement during treatment of clavicular fractures
- Felt back panel for greater support
- Adjustable top straps for an excellent fit
- Padded straps for comfort
- Treatment of Clavicular Fractures

# Elastic Shoulder Immobilizer

## ELASTIC SHOULDER IMMOBILIZER - PEDIATRIC LINE

Catalog Number	Size	Approx. Age	Fits Chests
16-701104	Infants	0 - 24 mos	16" - 22"
16-701301	Ped / XS	2 - 7 yrs	20" - 26"

## ELASTIC SHOULDER IMMOBILIZER - REGULAR LINE

Catalog Number	Size	Approx. Age	Fits Chests
16-701408	Youth / Sm	8 - 12 yrs	24" - 30"

### FEATURES AND BENEFITS

- Lightweight, low profile
- Immobilizes shoulder, reduces abduction and arm rotation
- Loop lock closures for easy application
- Fits right or left

# Canvas Rocker Bottom Cast Shoe

## CANVAS ROCKER BOTTOM CAST SHOE - PEDIATRIC LINE

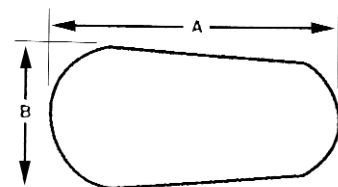

Catalog Number	Size	Sole Dimensions		Color
		A	B	
43-101107	Infant	5.5"	3"	Pediatric Print

Viscolas® is the only viscoelastic polymer expressly formulated for orthopedic applications. Reproducing the shock attenuating properties of the fatty pads on the bottom of the foot, Viscolas® effectively dissipates the skeletal shock and reverberations that occur with each step, and equalizes underfoot pressures. Use of Viscolas® has proven to speed post-operative recovery of the foot, leg, and lower-back; reduces symptoms of heel strike injuries such as tendinitis and shin splints; and provides effective soft tissue cushioning under the foot. In trial after trial, Viscolas® has been proven to provide significantly better shock absorbing efficiency than any other viscoelastic polymer. Insoles made of Viscolas® are the ones most prescribed by orthopedic surgeons, therapists, and other health professionals... and they are the insoles most chosen for personal use by the staffs of orthopedic facilities.

Viscolas is a registered trademark of the CABOT CORPORATION

## Soft Point® Viscolas® Heel Spur Cushions

Removable plug creates a cavity beneath the area of greatest discomfort. They also provide extra cushioning on the medial side of the plantar fascia for additional relief. Covered with super-soft, ultra-absorbent, abrasion-resistant suede fabric to keep the foot dry and comfortable.

**Indicated for:**

- Heel Pain
- Calcaneal Heel Spurs
- Plantar Fasciitis

SOFT POINT® Footcare Products are made of medical grade silicone for long lasting support and comfort. Silicone gives optimal absorption of the shock generated from everyday and high-impact heel strike. The impact and force on the heel, joints and back are thereby reduced helping to relieve pain and discomfort. Non-irritating and odor free, silicone will always remain soft and retain its shape.

Many of the SOFT POINT® Footcare Products have blue inserts which have a softer durometer profile for enhanced comfort. The blue inserts are scientifically placed to help relieve pressure and pain on the most sensitive areas of the foot.

Soft Point is a registered trademark of FLA

## Soft Point® Full Insoles

The blue inserts in the Full Insoles have a softer durometer profile in the heel and metatarsal area for enhanced comfort. The positioning of the blue inserts helps relieve pressure and pain on the most sensitive areas of the foot. The shape of the Full Insole gives slight arch support and has a tapered, lower profile at the toes for an improved fit.

# Soft Point® 3/4 Semi-Rigid Orthotics

These 3/4 orthotics provide superior support to the arch of the foot and relieve the pain associated with many foot conditions. Deep contours cradle the heel and create full arch contact to comfortably stabilize the foot. The flexible, semi-rigid base gives spring-action flex with each step providing continuous, comfortable arch support.

**Ideal for:**

Relief from Plantar Fasciitis; Forefoot, Arch and Heel Pain; Back and Joint Ache; Weak or Fallen Arches; Aching and Fatigued Feet; and Prevention of Pronation, or the inward rolling of the ankles.

**SOFT POINT® 3/4 SEMI-RIGID ORTHOTICS**

F542	C	5 - 7	7 - 9
F543	D	7 - 9	9 - 11
F544	E	9 - 11	-
F545	F	11 - 13	-

Size according to US shoe size.

**FEATURES AND BENEFITS**

- **Shock Absorbing Poron® Liner** - Soft and flexible liner absorbs the shock of each step, removing the shock effects from the feet and joints. Poron's super-soft quality means maximum comfort.
- **Breathable Fabric** reduces perspiration, allowing for extended, comfortable wear and reduces shear to minimize blisters or calluses.
- **3/4 Length and Moderate Width** relieves pressure on the forefoot and accommodates a broad range of shoes – from walking and athletic shoes to casual and dress shoes. Can easily be moved from shoe to shoe.
- **Flexible, Semi-Rigid Polypropylene Base** is strong enough to provide solid foot support and stability. Unique spring action flexes with each step to continuously support the arch.
- **High Side Rims** allow for full contact with the arch, stabilizing the feet and preventing ankles from rolling inward.
- **Deep Heel Cup** cradles the heel and helps stabilize the foot.
- **Biomechanically Designed** to provide longitudinal support across the foot and full support to the arch.

# Soft Point® 3/4 Flexible Cork Orthotics

These 3/4 orthotics provide superior support to the arch of the foot and relieve the pain associated with many foot conditions. Deep contours cradle the heel and create full arch contact to comfortably stabilize the foot. The extremely lightweight and durable Cork/EVA composite material molds to the shape of the foot with the body's natural heat and weight, creating a customized feel.

## Ideal for:

Relief from Plantar Fasciitis; Forefoot, Arch and Heel Pain; Back and Joint Ache; Weak or Fallen Arches; Aching and Fatigued Feet; and Prevention of Pronation, or the inward rolling of the ankles.

- **3/4 length and moderate width** relieves pressure on the forefoot and accommodates a broad range of shoes – from walking and athletic shoes to casual and dress shoes. Can easily be moved from shoe to shoe.

# BSN medical Inc.

## TERMS AND CONDITIONS OF SALE AND DELIVERY

BSN medical Inc., is the "Seller" for all transactions contemplated below. Any person buying or offering to buy goods or services from Seller is below referred to as the "Buyer." "Products" as used below means the products and any related services sold or supplied, including any replacement products or services.

### I. Modification of Material Furnished by Seller

- 1.1 Catalogs and Written Materials. All catalogs and other material of Seller are subject to modification by Seller and are not binding unless so stated in writing by Seller. Seller may correct clerical errors and typos in any catalogs or other materials, including pricing contracts, at any time.
- 1.2 All prices listed in any catalogs, price lists or other materials of Seller are subject to modification by Seller and are not binding unless so stated in writing by Seller.
- 1.3 Product Discontinuation. Seller reserves the right to modify or discontinue Products at any time without notice.

### II. Prices

- 2.1 Unless Seller has specified in writing that any quotation is binding for a specified period not yet expired, price quotes may be changed at any time prior to shipment of the Products. Unless otherwise indicated in writing by Seller, all pricing is freight pre-paid to Buyer's U.S. warehouse or other continental U.S. shipping point designated by Buyer. The invoice price shall be the price in effect when Seller delivers the Products pursuant to Article III hereof.
- 2.2 Other Charges: Taxes. Unless otherwise agreed by Seller in writing, sales, use, value added, excise, or similar taxes, as well as insurance (which Seller does not provide) are not included in the price.

### III. Delivery

- 3.1 Delivery Terms; Errors. Unless otherwise agreed by the parties in writing, delivery is deemed made and risk of loss passes at the point to which Seller has paid freight; otherwise delivery is made and risk of loss passes at Seller's warehouse or other shipping point. Any shipping or pricing errors are to be reported by Buyer to Seller within thirty (30) days after delivery, or shall otherwise be deemed waived.
- 3.2 Delivery Dates. Any delivery dates indicated herein or otherwise set by Seller do not bind Seller unless specifically agreed in writing by Seller.
- 3.3 Separate and Partial Shipments. Each shipment by Seller is a separate and independent transaction and may be invoiced separately by Seller. In addition, Seller may make partial shipments and submit separate invoices for each such partial shipment.
- 3.4 Shipping Address. It shall be Buyer's sole responsibility to ensure that the correct shipping address is promptly communicated to Seller. Seller is not required to contact Buyer to obtain or confirm any shipping destination.

### IV. Terms

- 4.1 Payment Terms. Payments shall be made in U.S. Dollars, unless Seller agrees in writing to invoice in another currency. Time is of the essence in regard to payment of any amounts.
- 4.2 Bank Charges. All bank charges in respect of payment instruments shall be paid by Buyer immediately.
- 4.3 Interest. If the amounts owed are in U.S. dollars, interest will be charged daily on past due amounts at a rate of the lesser of (i) one and one-half percent (1.5%) per month and (H) the maximum lawful rate of interest. If the amounts owed are in a currency other than U.S. dollars, interest on past due accounts will be charged at the rate of interest customarily charged by Seller on sales in the currency specified.
- 4.4 Change in Terms. If Seller concludes in its sole discretion that the financial condition of Buyer at any time jeopardizes its ability to pay, Seller may require cash payments or otherwise change payment terms or require additional security satisfactory to Seller before further performance by Seller. Buyer's failure to timely pay any invoice under any Contract shall make all other invoices of Seller immediately due and payable and, at the discretion of Seller, shall be grounds for suspension or cancellation of any further performance by Seller. The receipt by Seller of part payment shall not constitute a waiver of any of Seller's rights herein or at law, including the right to cancel.

### V. Limitation of Warranty

- 5.1 Warranty. Seller warrants that the Products are manufactured and function in accordance with the Seller's ratings and specifications. All Products are to be inspected fully and all obvious non-conformities reported in writing to Seller within thirty (30) days (in the case of custom-made Products, fifteen (15) days) after receipt by the end user, even if samples were previously sent. Seller, upon being satisfied of the existence of such non-conformity for which it is liable, will correct the same by delivering replacement Product to Buyer. If Seller cannot correct such non-conformity by delivering replacement Product, Seller will return to Buyer the purchase price thereof. The foregoing shall be Buyer's sole and exclusive remedies, and the liability of Seller hereunder is expressly limited to replacement of nonconforming Products or the repayment of the purchase price, as the case may be. The warranties set forth apply both to original and replacement Products.
- 5.2 No Informal Warranties. Any advice, information, or suggestions given by Seller to Buyer in regard to the application or use of the Products are not warranties unless given in writing and designated specifically by Seller as warranties. Statements made in Seller's general advertising or printed material do not constitute warranties. Samples are not warranted as conforming to Seller's ratings and specifications, nor is any warranty made that Products conform to any sample, unless Seller specifically so warrants in writing. Seller makes no warranty that any Product delivered under this Contract is identical in nature or quality to any Product previously sold or delivered to Buyer.
- 5.3 Warranty Exclusions. THE FOREGOING WARRANTIES SHALL BE IN LIEU OF ALL OTHER WARRANTIES, AND THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PURPOSE AND OTHERWISE, EXPRESS OR IMPLIED, ARE EXCLUDED.
- 5.4 Return or Destruction. No Products shall be returned or destroyed without Seller's prior consent.

### VI. Confidentiality; Property Rights

- 6.1 Confidentiality and Use. Buyer agrees that all specifications, data and other technical, business, or financial information furnished by Seller to Buyer are the property of Seller, are furnished solely for Buyer's performance hereunder, and may not be copied or made accessible to third parties without Seller's prior written consent. Buyer shall promptly return such specifications, data and other technical, business, or financial information and all copies thereof to Seller upon Seller's request. Such request may be made at any time prior to or after delivery of the Products. The foregoing shall survive cancellation or completion of the Contract.
- 6.2 Identification. Seller reserves the right to place its firm name, symbol, and relevant manufacturing and product identification numbers on Products delivered pursuant hereto.

### Cancellation

- 7.1 No Cancellation by Buyer. The Contract may not be cancelled by Buyer without the prior written permission of Seller, and Buyer shall hold Seller harmless from any and all costs and damages flowing from any wrongful cancellation.

- 7.2 Products Made to Order. If Buyer purports to cancel the Contract in violation of Paragraph 7.1 in respect of any Products specially manufactured for Buyer, Seller shall also be reimbursed by Buyer for all direct costs of labor, raw materials and parts purchased or contracted to be purchased and overhead costs incurred by Seller in the manufacture of said Products. Buyer agrees that Seller's cost calculation shall be accepted by the parties hereto. In addition, Seller may complete and sell to a third party any specially manufactured Products for which the order has been purportedly cancelled by Buyer, without any liability whatsoever to Buyer.
- 7.3 Seller's Cancellation. If Buyer shall (i) become insolvent or otherwise fail to pay its debts on time; (ii) be placed in receivership; (iii) be the subject of any voluntary or involuntary bankruptcy petition; or (iv) default in the performance of its obligation under this or any other Contract and fail to cure such default within thirty (30) days after written notice thereof, Seller may cancel all or any portion of Buyer's pending orders under this Contract.

### VIII. Force Majeure

- 8.1 Definition. "Force Majeure" means any cause not within the reasonable control of the party affected, but no payment of monies can be excused by Force Majeure. Events of Force Majeure include, without limitation, acts of God, lockouts or other labor disturbances, wars, blockades, quarantine embargoes, riots, fires, explosions, failures of production facilities, shortages of fuel, transportation, utilities, or raw materials, and governmental laws and regulations.
- 8.2 Consequences. The party prevented from performing shall promptly so notify the other party hereto and shall provide notice of the termination thereof. Upon termination of the Force Majeure the performance of any suspended obligation shall recommence. Either party may terminate the Contract if any Force Majeure lasts more than ninety (90) days. Buyer's insolvency may not be asserted as the basis for Force Majeure.

### IX. Miscellaneous

- 9.1 Buyer's Compliance with Medical Devices Act. Products manufactured by or for Seller are medical devices regulated by the Food and Drug Administration under the 1976 Medical Device Amendments. Some of these Products are labeled with a statement required for Prescription Devices, namely, "Caution: Federal (U.S.) Law Restricts This Device to Sale by or on the Order of Physician." Pursuant to federal and state law, such Products must only be sold to or on the prescription or order of a duly licensed healthcare professional. In addition, state law may prohibit substitution of a medical device to another brand without receiving permission from the prescribing healthcare professional. Buyer agrees to indemnify and hold Seller harmless from, and to reimburse it for, all liabilities, claims, suits, judgments, costs and expenses, including reasonable attorney's fees and disbursements, arising out of or relating to any failure of Buyer to comply with any such laws, rules, or regulations.
- 9.2 Trademarks. The term BSN medical Inc. is a trademark of Seller's parent company and its logo, as well as other trademarks, are U.S. registered trademarks and service marks. They are, and shall remain, the exclusive property of Seller's parent. It is illegal to use these trademarks, service marks, and any other trademarks or copyrighted marketing material belonging to Seller or Seller's parent in advertising, promotion, or in association with the name of a dealership/distributor or in any other way, without receiving prior written permission from Seller or Seller's parent to do so.
- 9.3 No Waiver. The failure of either party to insist upon strict performance by the other party of any term hereof or to exercise any right hereunder shall not be deemed to be a modification of or a waiver of the future performance of such term.
- 9.4 Governing Law. This form and the Contract shall be governed by North Carolina law.
- 9.5 Arbitration. Any controversy or claim arising out of or relating to this form or the Contract, or the negotiation or breach hereof or thereof, or any sales pursuant hereto or thereto, shall be settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The arbitration shall be held in Charlotte, North Carolina, before a single arbitrator mutually agreeable to Seller and Buyer, or if no agreement can be reached, then selected by the American Arbitration Association. The arbitrator shall render a reasoned opinion and shall award reimbursement of attorneys' and other experts' fees and disbursements and other costs of arbitration to the prevailing party, in such manner as the arbitrator shall deem appropriate.

### X. Damages. Limits and Exclusions

- 10.1 In no event shall Seller's liability for any damages arising out of the sale of Products, regardless of the legal theory on which such damages may be based, exceed the amount that Seller has been paid for the Products under this Contract.
- 10.2 IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT SELLER SHALL NOT BE LIABLE TO BUYER OR ANY OTHER PERSON, WHETHER BY WAY OF INDEMNIFICATION OR CONTRIBUTION OR OTHERWISE, FOR SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, WHETHER ARISING FROM DEFECTIVE WORKMANSHIP OR MATERIALS OR DESIGN, BREACH OF WARRANTY, DELAYS IN DELIVERY OR OTHER BREACH OF CONTRACT, FORCE MAJEURE, OR FROM ANY OTHER CAUSE WHATSOEVER, INCLUDING THE NEGLIGENCE OR MISCONDUCT OF SELLER OR ITS AGENTS OR EMPLOYEES.
