Isotemp Water Baths

Consistent Temperature Control for Reliable Results

Fisher Scientific

Fisher Scientific Isotemp General Purpose Water Baths

Ideal for industrial, clinical pharmaceutical or biomedical applications, Fisher Scientific™ Isotemp™ general purpose water baths provide powerful technology in a compact design. Available in a variety of sizes to meet a wide range of application requirements, Isotemp water baths provide consistent temperature for reliable results in an easy-to-use operation.

Features:

» New timer for worry free operation

» New addition of three presets for quick set up

» Advanced temperature controller with LCD display shows set-point and actual temperature

» Global voltage – each bath works anywhere in the world exactly the same

» Corrosion-resistant exterior with easy-to-clean enamel coating

» Display shows °C or °F and is readable from a distance

» Open tank design makes the bath easy to clean

» Adjustable over temperature protection

» Low fluid start protection capability

» CE and UL listed

» Audible alarms for timer, low fluid detection, over temperature and safety

» Rounded reservoir corner and sample tray with finger holes allow for easy removal and cleaning

» Hinged polycarbonate cover that lifts to a 90°C stay-open position or can be removed completely

» Baths come with diffuser tray and gable cover

Fisher Scientific Isotemp Deluxe General Purpose Water Bath Specifications

Model	Cat. No.	Chamber Capacity	Temperature Range	Temperature Stability/ Uniformity @ 70°C	Work Area (L x W x H)	Overall Dimensions Without Cover (L x W x H)	Global Voltage	Heater Output†

Fisher Scientific Isotemp Shaking Water Baths

With a capacity up to 27 liters (7 gallons) Fisher Scientific™ Isotemp™ shaking water baths have intuitive digital control and are easy-to-use. These versatile shaking water baths can be used across a wide array of applications from life science and QA/QC. Count on the latest in technology, features and options to deliver the ideal combination of performance, ease of use and reliability.

Features:

» New hinged stainless steel cover that lifts to a 90°C stay-open position or can be removed completely

» Accurate temperature control and quiet reciprocal shaking action

» Adjustable shaking speed from 30 to 200 oscillations/min (OPM)

» Timer for worry free operation

» Three presets for quick set up of temperature and shaking speed

» Advanced temperature controller with LCD display shows set-point and actual temperature

» Global voltage – each bath works anywhere in the world exactly the same

» Corrosion-resistant exterior with easy-to-clean enamel coating

» Display shows °C or °F is readable from a distance

» Open tank design makes the bath easy to clean

» Adjustable over temperature protection

» Low fluid start protection capability

» CE and UL Listed

» Audible alarms for timer, low fluid detection, over temperature and safety
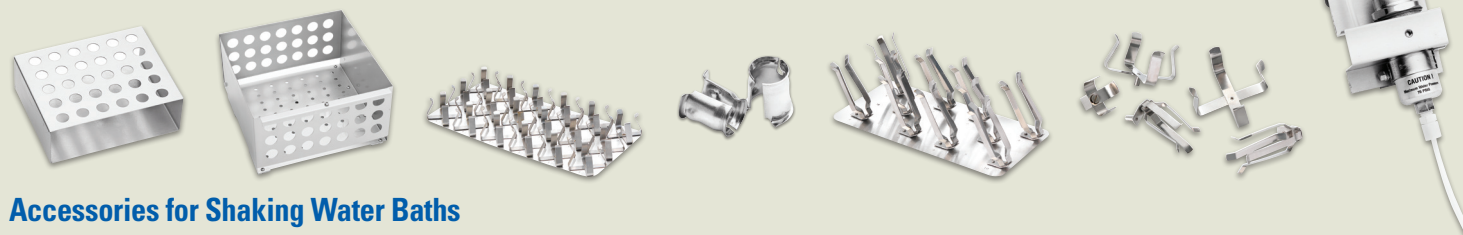

» Baths come with shaking tray and gable cover

Fisher Scientific Isotemp Shaking Water Bath Specifications

Model	Cat. No.	Chamber Capacity	Temperature Range	Temperature Stability/ Uniformity @ 70°C	Work Area (Removable Tray) (L x W x H)*	Overall Dimensions Without Cover (L x W x H)	Global Voltage	Heater Output†
SWB 15	**FSSWB15**	15 Liter	Amb. + 5°C to 100°C	±0.1°C / ±0.05°C	11.5 x 12 x 6.5″ (292 x 305 x 165mm)	15.5 x 24.9 x 9.8″ (394 x 632 x 249mm)	100-115V/200-230V, 50/60Hz	1200W
