Key Features and Benefits

Ease of use

Simple and intuitive user interface makes it ideal for for veterinary hospitals.

Extensive and unique menu

Get chemistry and electrolyte analytes on a single profile and have access to specialty tests, including T4, Bile Acids, tCO₂, and Phenobarbital on one analyzer.

Accuracy comparable to reference laboratories

Diagnose and treat patients confidently.

Intelligent Quality Control (iQC)

Built-in controls and calibrations monitor the analyzer, rotor, and sample before and during every analysis to ensure reliable results.

Cost Effective

Save money with low-price profiles and no control or calibration costs.
